Breath-Taking Beauty

That Will Last for Years

Fine furniture, like fine watches, takes years of experience and painstaking care to produce. The design is not guess-work, but the result of careful study. And fine furniture, like fine watches, will last a lifetime with proper care.

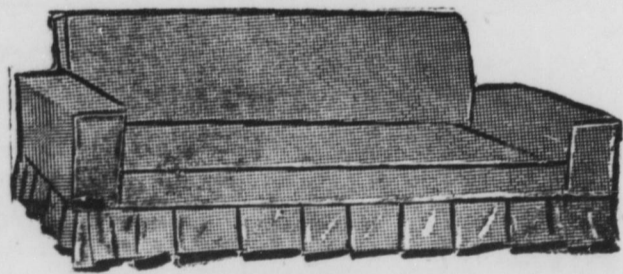

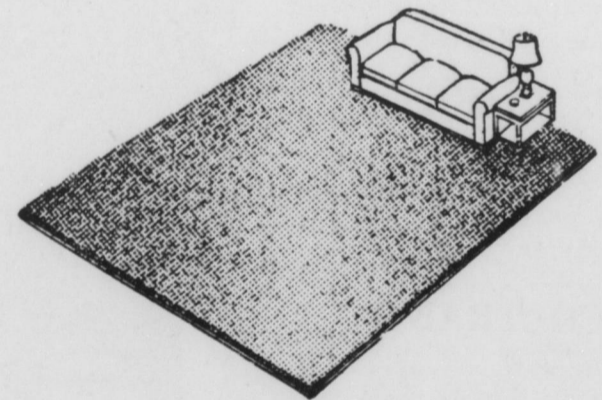

A Living Room Suite?

Now is the time to dress up your living room with something new. You'll find variety here on our floors—period designs and modern suites—in designs and patterns that will fit into any home.

Need Just a Chair?

Although we are ready to outfit your entire home, we are equally glad to help you select a chair, a table, or lamp. Call on us at any time you wish.

Whatever You Need....

Kitchen, bedroom, dining room, living room—we can furnish them all. Word has spread over the state of our reputation for quality and service. Although we appreciate the patronage of people from miles and miles away, we are proudest when we can serve the home folks—our neighbors right here in this community.
