SEEK TO AID DISPLACED PERSONS

In an attempt to formulate plans to aid deported persons in Europe, the pictured American citizens met in New York City last week. Left to right, they are, first row: Herbert Lehman, former governor of New York; William Rosenwald; and Henry Morgenthau, former secretary of the treasury. Second

row; Mrs. Joseph Welt, Edwin Rosenberg, and Mrs. Irving Engel. The group is attempting to arrange for transportation of deported Jews to Palestine, where the Jewish-Arab war has been fought for the past several months, with the British aiding the Arabs materially.

Greene Scores 30 Points To Lead Zebulon Cagers

The Zebulon All-Stars, paced by tall Hilliard Greene, broke out in a rash of fourth-quarter scoring to win over Franklinton, 71-50, Wednesday night in the Wakelon gymnasium. The victors overcame an 8-point second quarter deficit to take a half-time lead, 31-29, and sparked by Coach Carlton Mitchell, they ran over the visitors in the last half.

The victory gave the Zebulon quintet a tie for second place in the fast Five County League, close behind the undefeated Wake Forest Black Hawks, who were tied by Zebulon in an early season non-conference match.

Rex Tippett, lanky forward, helped the scoring with 13 points,

followed by Hardin Hinton with eleven. For Franklinton, Tarbet Medlin led with 19 points, and classy little Randolph Moore looped 17 points before fouling out late in the game.

Last Monday night Zebulon staged a late game spurt to nose out a favored Henderson five, 55-44. With four and a half minutes left in the game, Zebulon held a two-point lead, but Henderson, crippled by the loss of two men who fouled out, stumbled before the local's attack and lost by an eleven point margin.

Rex Tippett led Zebulon in scoring with 18 points, followed by Hilliard Greene with 16 and Hardin Hinton with 14. Ralph Smith was high for the visitors with sixteen.

Zebulon dropped its first league game last week by two points, 54-52, to Warrrenton.

Next game to be played here is with Youngsville Monday night at 8:15.

TOMORROW YOU'LL SEE

The New Chevrolet

Chevrolet's 1949 passenger cars, completely restyled and possessing more mechanical improvements than any model within recent years, go on display at J. M. Chevrolet Company showrooms Saturday, January 22.

The automobile is the product of three years of engineering research and design development. Begun immediately after V-J Day, experimental work has included 1,068,000 miles of test driving over the roads of the General Motors Proving Ground and arid high-ways of the southwest.

The local showing will be held simultaneously with displays in other cities and is expected to draw one of the biggest crowds in the history of events of its kind.

"From inquiries at our offices and dealer showrooms, we know that literally millions are waiting to see the car," said Z. T. Robert-

son, Zebulon manager. "Chevrolet's solid reputation for value and reports of impressive new features have kindled a nationwide interest.

"We do not believe the public will be disappointed. While the car carries numerous comfort and convenience advances, it maintains our tradition of rugged, reliable transportation at the lowest possible cost."

Mr. Robertson attended a Chevrolet dealer meeting in Atlanta last week.

Local Progress Reported In '49 March of Dimes By Rev. R. H. Herring

The local March of Dimes campaign, designed to raise funds with which the National Foundation for Infantile Paralysis may fight polio, is proceeding satisfactorily, according to Rev. R. H. Herring, chairman of the Zebulon drive.

School children have been soliciting funds from parents and neighbors during the past week, and funds will be turned over to Principal Fred Smith of Wakelon School and Principal Garland Crews of the Shepard Negro School. Both report satisfactory progress.

"We have not yet completed our canvass of local merchants," Mr. Herring stated this week, "but either Mrs. Ruric Gill or I will see every businessman and every employee of local firms before the campaign ends next week."

The Baptist minister pointed out that funds derived from the drive are used for two purposes: to protation for polio victims and to finance research in the field of infantile paralysis, looking toward better treatment and eventual immunization against the disease.

Mr. Herring called attention to the fact that in recent years the National Foundation for Infantile Paralysis, because of major polio epidemics in North Carolina, has spent far more in this state than has been given by North Carolinians to the March of Dimes.

Wakelon Cagers to Play Millbrook Here Tonight

One of the most popular members to graduate from Wakelon School in the class of 1940, Albert was killed during a bombing mission over Germany in 1944 while serving as gunner in the Air Force.

Among the pallbearers were Craven Parrish, Berdon Eddins, Barrie Davis, and Tom and Billy Bell, all classmates of Albert at Wakelon School.

This, That & the Other

Did you see the church notice which advised readers to "Come early and get a back seat?"

When, at our W.M.S. Circle meeting Monday, I suggested that we make a quilt for the Orphanage, everyone present fell right in line. We were deciding about patterns and size of blocks when Mrs. Sam Horton said she had a lining already made that she would give. Then Mrs. Ben Kemp said she had a quilt top ready to be lined, and she would give that. It is a large one made of bright
