

TOBACCO GROWERS, ATTENTION!

Fuel is too high. You can save 25 to 50 percent on your oil bill by simply installing a Florence-Mayo curer in your barn. Place your order early to insure delivery in time. I am the company's official agent throughout this section.

tasting you ever ate in your garden.
100-lb. Bags.

Your conversation is all yours . . .

**with a convenient Extension Telephone
in your own room**

Ever wished for the privacy of a desert island when you're on the telephone? It's all yours with an extension telephone.

This is one of the many advantages an extension telephone provides for the home and family. An extension saves time and steps. It improves your service and makes your telephone more valuable by increasing its usefulness. Extension telephones can now be installed in homes at small cost. You don't need to write or come to the office. Just call our Business Office.

Orders for main telephone service are sometimes delayed because of shortages of central office and other equipment, which are not involved in the installation of extension telephones. That's why you can now get extension telephones, though there may still be delays in furnishing main telephone service.
