Getting down to bare facts . . . Warner's turns a pretty trick of baring daring shoulders, and also ends your worries about straps that show under sheers!

These strapless bras are perfection with all you own . . . They're low-cut, dependably secure, and wonderfully comfortable. The "stay-up" is built in, along with the uplift, and like all Warner lovelies, they're "3-Way-Sized", to let you choose your own cup size, band, and uplift . . . for the comfortable fit that is "individually yours."

You'll be wearing these strapless styles with every neckline . . . they feel so light and free. And in this every-silhouette collection it's easy to find the one just right for you!
