For Friends — Roamers — Countrymen —

QUITE literally, it's one car in a thousand— 999 other cars take the road for every Estate Wagon Buick turns out.

But it's far more than something exclusive, as you'll soon see when one takes its place in your garage.

For those times, for instance, when house guests arrive — what smarter equipage could you send to the station, what greater comfort, what handier way to manage the luggage problem?

And when the Lord and Master yearns for a few days away from it all — what's handier than this nimble gadabout, that lets him fold down a back seat at nightfall and enjoy full-length double-bed sleeping space?

And that place in the country, calling for a car that can go just about everywhere, do just about everything . . .

That's when you'll go for the ruggedness of this beauty with its steel framing, steel top and springs of durable, service-free coiled steel. That's when you'll go for Dynaflo Drive† too — and the steady, even, fluid pull that takes furrowed fields, rough pastures and narrow back roads with equal, shift-free ease.

In all truth, this is a star of many roles. Smart and sleek, finished like an express cruiser, it's a standout for style in any parking line-up, a family favorite for its quick readiness to take on any transportation job.

It's a buy, too, like all Buicks—and your dealer is offering pleasantly prompt delivery. Why not see him today about the car that both literally and figuratively is one in a thousand?
