## THIS, THAT AND THE OTHER

(Continued from Page 4)

look at his watch just as the pain struck him.

According to my history the Declaration of Independence states that "all men are created equal;" and it is amazing how many misquote it and declare it says all men are created free and equal. Especially near July 4, when this document is in mind more than at other times, one may read over and over this purported quotation and wonder just how the misunderstanding originated.

No matter how free we were created, we find it takes a lot of struggling and holding on to liberties to stay that way.
