FOLKS take a look at those bumper-guard grilles — built as a unit and proof against "locking horns" — and say "Hmmm! Nice!"

They sweep their eyes over tapering fenders, with a suggestion of jet power in their after contours—and say, "That's for me!"

They eye-measure windshields that are 48% bigger and rear windows with 56% more area—and know without being told they can see the road up closer, both fore and aft.

So they say—"That's for me—IF!

"What does it cost me to get this handy-sized dandy with the roomiest interiors ever found on a Buick Special?

"What do I pay for high-compression, high-pressure Fireball power from a big Buick straight-eight engine?

"What's the tag on that swell Buick ride, with coil springing, extra-wide rims, seats between the axles and all that?

"And what about Dynaflo Drive—

understand I can have that at extra cost —how much?"

Well, sir, the news is good. Plenty good.

Because this honey's priced well under your expectations. It's a straight-eight that's priced under a lot of sixes—over the years your investment will be no more than for any other car.

So better not stop with looking. Better price it too—delivered at your door. Your Buick dealer will give you the figures, even demonstrate.

After which you'll do as others are doing —you'll get a firm order in.

TEN-STRIKE!

Only Buick SPECIAL has all these Features!

- TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLOW DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORE AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER
