Will you leave these to your children?

Men have died to leave you these 4 symbols of freedom:

A door key — your right to lock your door against illegal government force and prying.

(Fourth Amendment, U. S. Constitution)

A Holy Bible — symbol of your right to worship as you wish.

(First Amendment, U. S. Constitution)

A pencil — freedom to speak or write what you think, whether you agree with the government or not.

(First Amendment, U. S. Constitution)

And a free ballot — your right to choose the kind of government you want — your protection against government tyranny.

(Article I, U. S. Constitution)

These symbols have no meaning in countries where government controls everything — for there the individual man or woman has no freedoms.

But there are people who are trying to give the U. S. government more and more control over American life. "Let the government start," they say, "by taking over certain industries and services — the doctors, the railroads, the electric light and power companies."

Most of these people — like most Americans — *don't* want a socialistic U. S. A. They have other reasons for government control. But when government, moving step by step, controls *enough* things, you have a socialist government, whether you want it or not. *You'll* be controlled, too. Then what freedoms will you be able to pass on to your children?
