

**UNION CHAPEL**

Abide in me, and I in you. As the branch cannot bear fruit of itself, except it abide in the vine; no more can ye, except ye abide in me. John 15:4.

Choir practice was a success Friday night. The singing was also better than it had been anytime at all. I'm sure everyone enjoyed it better.

Friday night was also a success for the organizing of the Pollyannan Club. The officers were chosen and the time was set for the next meeting, which will take place in April in the home of Mrs. Julia Draughon. Everybody is invited to attend.

Revival has started and I hope we get more to attend in the middle of the week. The public is invited to attend.

We have new cement steps at the church, and we want to thank everyone who helped fix them.

Mr. and Mrs. Buck Richards and Rev. Vivian Evans went to Rocky Mount for the weekend. Rev. Evans went farther on to Greenville. They enjoyed their trip very much.

Mrs. Gladys Bobbitt and Mrs. Woodrow Richards went to Raleigh on Saturday. Hope they enjoyed their trip.

Mr. Pete Creech and son, Floyd, were visitors in the home of Mrs. Clem Creech.

Mrs. Margaret Cunningham and sister, Gladys, were visitors in the home of Mrs. Woodrow Richards on Wednesday.

Mrs. Sterling Mitchell visited her sister before she left for Rocky Mount.

Rev. and Mrs. Mills of Apex visited in the home of Mr. and Mrs. Buck Richards on Thursday. They came to see Rev. Evans about the revival which he will conduct during this week.

DOUBLE DRAINBOARD 54 in. cabinet sink for only \$99.75 at the Wendell Furniture Co.

God's speed and recovery to all the sick and afflicted in all the communities.

Little Mernar Jean Denton has a very deep cold and is sick too. Hope she will be better soon.

While thumbing through a book of religious poems the other day, I found one which I think will give strength to those who feel they have fallen by the wayside.

**GIVE UP?**

Give up because the cross is heavy, Sink down in weakness 'neath its load?

Give up and say you can't endure it,

Too rough, too toilsome is the road?

Ah, no, rejoice you have a cross, A cross which none but you may bear;

Why, you are rich, when by that cross

You earn your right a crown to wear.

Give up while there is still in heaven

A God who notes the sparrow's fall?

Give up when He so longs to help you,

But only wants to hear you call? He clothes the lilies, feeds the birds;

Would He to you, then, pay less heed?

Look up to Him with prayerful heart,

He will supply your every need.

Grace B. Renfrow

ends. Select only those having a deep copper-colored skin. Nick each root near the stem end and save only those that are salmon pink to orange. Throw out those that have a pale pink to orange. Throw out those that have a pale pink or white meat. Finally, bed only roots which are one and a half inches in diameter or larger.

Covington also warns farmers against buying plants from out-of-State sources, especially from certain sections of Florida and Georgia which are quarantined against further spread of the sweet potato weevil. This pest, he says, has also been found recently in

Charleston County, South Carolina. The insect could very easily be brought in on sprouts produced in weevil areas. Covington re-

minds farmers that there is a State law which prohibits the bringing in of sweet potato plants other than from certified sources.

**WIRING NEEDS**

Don't take it for granted that your house wiring is adequate for your present—or future needs. For your own satisfaction outline your present uses of electric service and estimate your future needs.

Then—plan your wiring with the help of a qualified electrical contractor who can recommend what is necessary to make your home wiring adequate to give you the utmost in enjoyment of your electrical appliances now and in the future when you will be adding more and more appliances as the standard of electrical living improves. Be sure that your home does not become obsolete and lose value because of inadequate wiring. Now is a good time to do it.
