Claude Gaddy Will Going to Be One More Busy Man!

Driver's License Examiner C. M. Hocutt of Zebulon, N. C., said today that he will have to examine approximately 30 persons per day for driver's and chauffeur's licenses between now and June 30 if he is to complete the list of persons eligible for renewals in this section.

All persons whose last names begin with N, O, P, and Q and all drivers of for hire vehicles must have new licenses on or before June 30. In an effort to avoid a last minute rush, the Department of Motor Vehicles began issuing chauffeur's license on May 1 this year instead of on May 15, as in the past.

Rush It Up Boys!

Examiner Hocutt stated, however, that chauffeurs in this section have been slow to report to his station for examination. Approximately one-third of the N through Q drivers also must be examined in the next month and a half, he added. An examiner seldom can give more than 20 tests per day which means that a rush can be expected as the June 30 deadline nears and extra help will have to be sought from other sources. Examiner Hocutt pointed out.

The daily schedule for Examiner Hocutt will be as follows: Zebulon, N. C. Monday and Tuesday.

Wendell, N. C., Wednesday. Spring Hope, N. C., Thursday and Friday.

Examiner Hocutt will begin tests for R, S and T drivers on July 1.

Bond Campaign Starts Tuesday In Wake County

The Liberty Bell will ring again when the 1950 U. S. "E" Bond savings campaign in North Carolina receives its "kick-off" with a big one-hour program at Raleigh Tuesday, May 23, in front of the Wake County Court House, beginning at 12 o'clock noon.

Bond officials from Washington, North Carolina and hundreds of people from Raleigh and Wake County will be on hand to take part, witness the 60 minutes program and hear the Liberty Bell ring again.

The bell to be used in the Raleigh program is an exact duplicate of the famous Liberty Bell in Independence Hall in Philadelphia. It is the campaign symbol of this particular "E" bond campaign which has been named the Independence Drive.

Made in France at a cost of more than \$30,000,000 the bell will have the actual tone of the original bell before it was cracked. The exact tone was made possible through the careful calibration of the Liberty Bell from which the harmonic tones were secured.

To Stay in Raleigh

The bell will remain in Raleigh throughout the day Tuesday and Wednesday morning will begin a tour of 64 other North Carolina cities in interest of the bond drive. When the Independence Drive ends July 4, the bell will be officially presented to the State.

Similar bells were made for the other 47 states, the District of Columbia, Alaska, Hawaii and Puerto Rico. Several hundred thousand dollars were spent by the United States business firms in making the bells which were given to the U. S. Treasury Department for use in the drive.

Details Incomplete

Details for the Raleigh program have not been completed but the program will include music, songs, short talks and other entertainment.

A radio program at 9:15 Tuesday morning over Station WPTF, featuring Mrs. W. Kerr Scott, wife of the Governor, will open the day's program.

According to Fred Dixon, county chairman, Wake County's "E" bond quota for the Independence Drive is \$325,000.00.
