The doors were opened just before 7:30 and the group disbanded at 10:30. A big majority of the group was on hand when the three hours were over. Almost all of the girls and boys present were teen-agers from our immediate community.

A committee from the Senior Club was on hand to preside over the register, serve the refreshment table, and to serve as chaperones. This committee wishes to commend the conduct and attitude of the group. The Clubs are very pleased with this beginning and hope that the teen-agers were pleased.

Special Meeting to Name Permanent Chest Officers To Be Tonight at 8:45

A large attendance is expected tonight for the organizational meeting for the Zebulon Community Chest, which will be held at 8:45 in the Masonic Hall. Every person who has contributed to the Community Chest is a member and entitled to attend the meeting.

Chairman C. V. Whitley, head of the committee appointed by the Community Council to form the chest, said that permanent officers for the Community Chest will be elected tonight.

The idea for the Zebulon Community Chest was born when it was found that this community failed to receive benefits from the Wake County Community Chest in proportion to the contributions made to this fund.

Following the lead of Wake Forest, and many other communities in the county, the Community Council formed a committee to solicit memberships in a local Chest organization, and the solicitation began before Christmas.

At the close of the canvass for memberships last week, nearly 100 people had contributed \$841.40 to the Zebulon Community Chest.

As announced by the Community Council committee before solicitation began in December, the funds received by the Zebulon Community Chest will be divided this year among the Scouting groups, the recreation program, and local charity.

This division of money can be changed for coming years by the officers elected tonight, who will be responsible for the conduct of the Community Chest during the coming year. However, the money already collected, will be distributed according to the plan made by the committee.

Chairman Whitley urged all members of the Community Chest to attend the meeting tonight since participation by every member will be necessary for the Community Chest to be a success.

Sunrise Services to Be Held Sunday Morning

The Intermediate Department of the Zebulon Baptist Sunday School will hold a sunrise service at the local cemetery on Easter Sunday. The public is invited to attend. Following the service the Intermediates will gather at the church for an Easter breakfast.
