License Examiner Asks Early Action

Only six weeks remain in which persons whose last names begin with U, V, W, X, Y, or Z may apply for renewal of their driver's licenses under the re-issuance program, Clarence M. Houtt today reminded motorists in this category.

Deadline for obtaining renewals is June 30. With the licensing of the U-Z group of drivers, the first round of the re-issuance program, authorized by the 1947 General Assembly, will be completed.

Other Licenses

Persons who obtained renewal of their licenses in 1947 will be required to stand examination for driver's licenses again this year by their birthdates. Persons in doubt about the expiration date of their license may determine the exact date by referring to the lower right hand corner of the license.

Since more than 40,000 operators of for hire vehicles also must obtain renewal of their license to drive between now and June 30, persons in the U-Z group who have not already obtained renewal of licenses are urged to report immediately to their nearest driver's licensing station before the licensing rush begins.
