## CAPITAL REPORTER

Scott Summers

On August 1, Dr. Henry Jordan, chairman of the State Highway Commission, celebrated an anniversary.

Just 32 years ago — August 1, 1919 — Doc Henry says "I started working for a living." That living he was earning at that time was through the practice of dentistry.

Jordan and a friend, Textile Manufacturer Dave Hall, have the same "beginning working for a living" anniversary. Each year on August 1, one or the other calls or sends a message to the other.

### First Dollar

This year, Doc Jordan picked up the phone, called Hall. After mutual congratulations, Doc says to Hall:

"Dave, I just wanted to tell you that I've got the first dollar I ever earned."

"You have!" said Dave, surprised.

"Yep," says Doc, "but it took me 32 years to get it back."

### Steel Stocks

In case you haven't heard, the Highway Department is in the salvage business. When new bridges are built, the old ones are dismantled. The steel from these old ones is salvaged and reused — thus effecting a considerable saving to the State. But, what with

the current steel shortage, these stockpiles are getting mighty low.

### Generous Frink

From down Southport way comes word of State Senator Bunn Frink's generosity.

The last Legislature authorized — or rather, directed — that a \$200,000 ferry be installed between Southport and Carolina Beach. Senator Frink sponsored the bill calling for this.

Well, it seems the generous Mr. Frink has offered to give a slice of his Southport-side land to the Highway Commission for free — if they'll use it for the ferry landing.

Further, it is reported that Frink is putting the pressure on lower-echelon Highway Department officials to use his property at Holden's Beach for the main end of a bridge from the mainland.

### Healthy Decision

The State Board of Health finally decided the other day that it will build its new Health Building on the northeast corner of Caswell Square.

This building — for which \$600,000 has been appropriated — could have been started two years ago and very probably completed by now except for one thing. Seems that site overlooks some

## Funeral Services Held Yesterday For Mrs. Clarence Chamblee, 70

Funeral services for Mrs. Clarence H. Chamblee, 70, the former Nannie Sentelle of Waynesville, were held at the Wakefield Baptist Church near Zebulon Monday afternoon at 2 o'clock, conducted by the pastor, the Rev. Kermit Combs, assisted by Dr. W. R. Culom of Wake Forest and the Rev. R. H. Herring and the Rev. T. B. Davis, both of Zebulon. Burial was in the Wakefield Cemetery.

The body was placed in the church at 1 o'clock.

Mrs. Chamblee died at her home in Waynesville Friday morning after an illness of several months.

A brief funeral service was held on Sunday afternoon in the Waynesville Baptist Church where she was a member.

She was the widow of Clarence Chamblee of Zebulon and was active in affairs of her community and church during her residence in Zebulon.

Surviving are four sisters, Mrs. Lizzie Rogers of Chicago, Ill., Mrs. Libonia Shepherd of Denver, Colo., Mrs. Iola McElroy and Mrs. Jennie Mae Boone, both of Waynesville; two brothers, John E. Sentelle of Hazelwood and R. E. Sentelle of Waynesville.

## Hocutt Now Has New Instrument For Testing Eyes

There is no guess-work involved in examining the eyes of applicants for driver's licenses, according to Clarence Hocutt. A new Bausch and Lomb Ortho-Rater optical tester has replaced the old wall chart and enables Examiner Hocutt to test applicants for both vertical and lateral vision, far and distant, and for depth perception and color distinction.

Hocutt gave a demonstration of the device Monday morning while examining William David Pearce of Pilot. Following the written examination, Pearce was seated in front of the machine.

The results of the tests given Pearce were entered on a new card which is sent to Raleigh. Blanks are filled in with information concerning occupation, education, whether glasses are worn, and the ratings scored on each test. Pearce did well on all the tests.

While only the test for vision is used at present in determining whether an applicant received his license, Hocutt said that North Carolina State College is using the information on the cards to check on the effects of partial color blindness, depth perception, and lateral and vertical vision in accidents.

In addition, accidents by age and educational groups can be tabulated.

## Mail Primary Being Conducted by C. C.

The mail primary to nominate candidates for the Zebulon Chamber of Commerce Board of Directors is being held this week with ballots being mailed yesterday to all the members of the Chamber of Commerce. The ballots are to be marked and returned to R. Vance Brown, Secretary, by Friday, August 10.

Following the mail primary, in which four candidates for the two offices will be nominated, a meeting of the members of the Chamber of Commerce will be called by President J. Raleigh Alford to elect two directors and a president to serve during the coming year.

## Basic Training Done By Henry B. Hopkins

Private Henry B. Hopkins, son of Mr. and Mrs. Wade Hopkins, Route 2, Middlesex, has recently completed the 14-week training cycle with Company L, 61st Regiment of the famed 8th Infantry Division, Fort Jackson, S. C.

He attended Middlesex High School and prior to entering the Army was employed as a mechanic.

During basic training he fired most of the infantry weapons, engaged in squad and platoon tactics and underwent the Army's rigid program of physical training.

## Walter Hood Death Confirmed by Army

Mr. and Mrs. Herbert G. Hood of Zebulon have been notified that their son, Corporal Walter B. Hood, 19, was killed in action in Korea.

Corporal Hood had been reported missing on Feb. 13. He enlisted in the Army on Jan. 10, 1949, and went overseas in July of 1950.

Surviving in addition to his parents, are two sisters, Geraldine and Faye Hood, and one brother, Eldred Hood, all of the home.

## EXAMINER

Clarence Hocutt, popular driver's license examiner, has a new gadget called an Ortho-Rater which adds interest to the examination given applicants. See story at left.

## 3 More Arrests Made in Larceny

Warrants have been drawn against three more boys in the robberies at Philip Olive's Service Station, bringing the total believed involved to six, according to the Wake County Sheriff's Department. The names of Ronnie Richards, B. J. Pulley, and Lloyd Creech have been added to those of Gerald Wayne Perry, Charles Perry, and James Wade Bolton.

Richards and Creech are charged with James Bolton in the theft of a case of beer and six T-shirts valued at \$12.00. Pulley is charged with Bolton and Gerald Perry in the theft of a case of beer valued at \$6.00.

Gerald Perry, Charles Perry, and Bolton will be tried at the September term of Wake Superior Court.

## Johnson Jewelers Is Western Union Agent

Complete telegraph service is available to Zebulon again with the establishment of the Western Union office in the J. N. Johnson Jewelry Store on Arendell Avenue.

Mr. Johnson states that for the first time this community will be able to send telegrams and wire money orders from the same office. Money orders coming to Zebulon will be issued at the jewelry store and can be cashed anywhere.

## Home Service Worker Writes Last Article on "How to Carve Meat"

By Rosa Lee Armstrong  
Home Service Representative  
Carolina Power & Light Company

Thus far in the carving series, we have discussed the proper methods of carving roasts, steaks, leg of lamb, and hams.

In this, the last article in this series we will discuss the two methods of carving chicken and turkey.

### Standard Style

1. Remove leg (thigh or second joint and drumstick). Hold the drumstick firmly with fingers, pulling gently away from turkey body. At the same time cut through join joining leg to backbone and skin on the back. If the "oyster," a choice oyster-shaped piece lying in the spoon-shaped section of the backbone was not removed with the thigh, remove it at this point. Hold leg on ser-

## Wakelon Principal Makes Address For Rotary Club

Wakelon School is expected to have an excellent year during the 1951-52 school term, according to Superintendent W. R. Whittenton, who spoke to the Zebulon Rotary Club last Friday night. The faculty for the school is nearly complete and a well-rounded program is planned.

The speaker was introduced by Norman Screws, chairman of the Community Service Committee and program leader for the evening.

Mr. Whittenton cited several goals which he hopes to achieve during the coming years, including forensics, vocational guidance for students, and a well-rounded course of study for all students.

This year Wakelon will have a full-time teacher of Public School Music, the superintendent said. An extra teacher has been allotted the school, and Mr. Whittenton has arranged for her to instruct in music.

### Glee Club Tests

The glee club is expected to enter the state music contests which are held each year. During the previous years Wakelon consistently placed high in the contests.

The special education classes will be continued, Mr. Whittenton said, expressing his thanks to the members of the Zebulon Lions Club who have promised to give \$500 toward this work.

### New Cafeteria

The building program for Wakelon includes a new cafeteria and additional class room to be ready by the 1952-53 school year. This addition will help in the program for the entire school.

Following the talk President Howard Beck, serving as head of the club for the first time, expressed the thanks of the Rotarians for the informative talk.

## Jesse E. Coates New Little River Auditor

Jesse E. Coates, formerly of Smithfield, is now working with Little River Ice Company in Zebulon as bookkeeper, succeeding Mrs. Pete Bryant. Prior to his employment here, Mr. Coates worked with State Capital Life Insurance Company for ten years.

At the present time Mr. Coates is staying in an apartment in the Willard Gill residence.

vice plate with drumstick at a convenient angle to plate. Separate drumstick and thigh by cutting down through the joint to the plate.

3. Slice drumstick meat. Hold drumstick upright at a convenient angle to plate and cut down, turning drumstick to get uniform slices. Chicken drumsticks and thighs are usually served without slicing.

4. Slice thigh meat. Hold thigh firmly on plate with a fork. Cut slices of meat parallel to the bone.

### Cut Parallel

5. Cut into white meat parallel to wing. Make a cut deep into the breast to the body frame parallel to and as close to the wing as possible.

6. Slice white meat. Beginning at front, starting halfway up the breast, cut thin slices of white
