UNCLE SAM SAYS BETTER WATCH GRAFT, GREED

When any fundamental part of any structure is weakened it calls for investigation and repair or replacement. When it is destroyed it brings disaster.

A nation's wealth is its life's blood. The downfall of most nations has been preceded by the depreciation of their currencies. Manpower and military equipment is of no avail if there is no means of feeding the men or servicing and supplying the machinery. One great English banker said, "Let me control the money of a nation and I care not who makes the laws for the nation, I will control the nation." Parasites not only do not produce but they also destroy stability and the durability of the nation.

This nation appears to be entering an era when all its resources of every kind may have to be taxed to the very limit. It appears that over a long period the nation to survive must spend billions of dollars for self defense. To succeed the nation must guard against allowing its wealth to be siphoned off by internal parasites.

Diverted Dollars

Every dollar diverted from buying the means for self defense into political hand-outs or unnecessary payments of any kind or over payments of any kind is helping destroy our national defense.

The nation to remain free and independent must gird itself for a long hard battle. It must be willing to accept privation and self discipline. If parasites are to control the policies and direct the functions of the government the hope of freedom is lost. There must be a choice between a Government for parasites or for loyal liberty loving people.

Sheep Making Big Tar Heel Comeback

Sheep are making a comeback in North Carolina.

Extension animal husbandry specialists at State College say Tar Heel farmers have spent approximately \$27,500 to buy new sheep stock during the past year. A large part of this was used for purebred animals.

Right now, the specialists add, is a good time to start in the sheep business, especially for farmers who have good Ladino clover pasture and a place to corral their sheep at night.

The North Carolina Purebred Sheep Breeders Association, headed by J. W. Norris, sponsored three sales during the summer at which 63 purebred rams were sold for \$9,550 and 196 grade ewes brought \$4,860. At a sale held this fall in connection with the State Fair, 37 bred ewes were sold for \$6,138.30, averaging \$165.90 per head.

The top animal in the bred ewe sale, grown and consigned by Alex Meek and Son of Burkes Garden, Va., was bought by Wade Campbell of Taylorsville for \$320.

Draft - Age Youths Will Be Accepted By National Guard

A campaign to enlist at least 20 men before the first of next year begins this week for Battery A, Zebulon's National Guard unit. Members of the field artillery battery are seeking to increase the strength of the unit to at least 75 officers and men in time to give all the men sufficient training prior to the 1952 summer camp.

Last night a special moving picture on the National Guard was previewed by the Guardsmen at the regular drill held in the armory on Vance Street. This film will be shown to the Zebulon Rotary Club and at the Wakelon and Wendell Schools.

Recruiting teams will visit schools near Zebulon to acquaint men 17 years and older with the National Guard. Qualified men will be accepted for enlistment. Those who enlist before the age of 18 years 6 months will be deferred from the draft as long as they are active in the National Guard.

Guardsmen receive the same pay and retirement credits accorded members of the active armed forces. Drill pay ranges from \$2.50 to \$8.50 per drill for enlisted men.

Rotary Club Honors Wives and Teachers

The Wakelon School faculty and the Rotaryans were honored guests of the Zebulon Rotary Club Friday night, when a chicken supper was served and a special program of songs and stunts was presented in the Wakelon cafeteria.

The members of the faculty, after an introduction by the Rotaryans, told their hometowns, educational training, and work at Wakelon.

Dr. L. M. Massey was master of ceremonies for the program, which included a special initiation into membership of a super-society. The Amalgamated Potentate, Ralph Talton, led the vow.
