

# THE ZEBULON RECORD

Volume XXVII. Number 37.

Zebulon, N. C., Tuesday, January 22, 1952

Theo. Davis Sons, Publishers.

## THREE WAYS TO BREATHE

Here are three different breathing mechanisms—all provided with March of Dimes funds—which assist polio patients at the Southwestern Poliomyelitis Respiratory Center in Houston, Texas. Nine-year-old Charlotte Sword (left), of Houston, is on the rocking bed. Dr. Joseph H. Nelson (center), young Borger, Texas, physician, is in the large iron lung equipped with plastic oxygen dome. Steve Spearman, 20, of Hot Springs, Ark., breathes with aid of a chest respirator. This year's March of Dimes is being continued locally during all of the month of January.

## Inventory of All Property To Be Made by Local Unit

A complete inventory of every item of clothing and equipment issued to Battery A, Zebulon's National Guard unit, will be made Monday and Tuesday of next week by officials of the United States Property & Disbursing Office in Raleigh. The inventory is an annual event for units of the National Guard.

All this week Cpl. Kenneth Hopkins and Cpl. Elton Price, full time employees at the local armory, have been checking the equipment and preparing it for the inventory.

The commanding officer of the local battery is responsible for all the equipment issued to Battery A, and must explain the absence and pay for any uniforms and equipment not in the armory during the inventory.

Representatives of the local battery will visit Bunn High School Monday afternoon at 1 o'clock to explain and answer questions on the National Guard for young men 17 years and older. A moving picture, "Your National Guard," will be shown.

### New Movie Shown

Another motion picture, "The 105-mm Howitzer Battery on the March and in Position," will be shown to the firing sections at the drill Monday night. Visitors are invited.

Battery A will have the picture, "Your National Guard," available all next week and will show it to any community organization requesting it. The film lasts about 20 minutes and shows the important part the National Guard has played in the history of the United States. The local battery has a portable projector and screen to use in showing the film.

Between now and time for sum-

## Health Offices Move To Municipal Building

The Wake County Health Department has moved its Zebulon offices to the second floor of the new municipal building where more adequate quarters are available, according to Mrs. Ida Hall, County Health Nurse. The new location is in the front of the building on the second floor.

The Clinic for Mothers and Babies, which is held every fourth Tuesday at 1 o'clock, will be held today in the new offices.

mer camp in July, a number of reassignments will be made in the sections, resulting in many promotions, according to Lt. Jack Potter, executive officer.

The changes should encourage men 17 years and older to enlist in the National Guard immediately, he said, so that they can be ready for rapid advancement.

### Summer Encampment

Battery A will leave for summer camp on Sunday, July 6.

Three weekend drills are scheduled between now and June 30. One will be made at Camp Butner, where the men will fire the carbines for qualification and record. This trip is an annual affair, and Battery A has made a consistently good record in the firing.

### Ammunition Requested

Requests have been made for ammunition for the 105-mm howitzers for use during a weekend drill at Ft. Bragg. Last year the local battery spent two days in service practice at the military post, becoming the first unit in North Carolina to conduct service practice during inactive drill periods.

Cpl. Kenneth Hopkins, the administrative assistant, is on duty five days each week at the armory on Vance Street, and will discuss the National Guard with interested applicants.

## Few Farmers Pay Income Taxes, Rotarians Are Told

"There are so many deductions which can be made that few farmers pay income tax," Ed Ellington told the Zebulon Rotarians in a talk on the farmers' income tax problems Friday night. With competent help in completing his return, the farmer seldom is required to send an income tax payment to the Treasurer of the United States.

Many farmers, Ed continued, have never filled out a return, although more and more of them are finding it necessary to complete the return.

A list of questions from farmers concerning their tax problems was read by the speaker to show the complicated nature of a farmer's income tax return.

The talk provoked considerable discussion by the Rotarians, and cases were cited where farmers who had been long delinquent in filing their income taxes were required to pay taxes and penalties up to \$10,000.

With the March 15 deadline for returns nearing, the talk proved especially interesting to the Rotarians.

Larry Whitehead, Rotarian from Abilene, Texas, was a visitor.

## Wakefield Missions Group Has Meeting

Wakefield's Circle No. 2 of the W. M. S. met in the home of Mrs. Berdon Eddins Friday night, January 18th, with Mrs. Herman Eddins as joint hostess. Fifteen members were present.

Mrs. Harold Pippin, program chairman, led the discussion, "Good News for All Who Seek," with Mrs. Douglas Pace, Mrs. Jim Ingram, Mrs. Braxton Eddins, Mrs. Claude Farrington and Mrs. Harold Green participating. Sentence prayer concluded the program.

After the business session the Circle adjourned until next month.

Refreshments of chicken salad, ritz crackers, pickle, salted nuts and coca colas were served by the hostesses.

### Eastern Star

A regular meeting of the Eastern Star will be held Thursday night, January 24, at 8 o'clock in the Masonic Hall. Worthy Matron Cleo Perry announces that an initiation will be conducted.

## Uncle Ferd's Almanac

To start today's almanac off on a jolly note, I will inform you that 400 years ago today the Duke of Somerset was beheaded for felony, and 63 years ago today the French decided to give up on the Panama Canal.

Eleven years ago tonight the Zebulon Chamber of Commerce observed ladies' night with a banquet. Speeches were made by Rom Moser and Leon "Hoss" Thompson.

One year ago today a son was born to Mr. and Mrs. Neil Goodnight of Gastonia. (Mrs. Goodnight is the former Louise Johnson, daughter of Mrs. B. H. Johnson and granddaughter of Pittman Stell).

Sixteen years ago today Mrs. Irby Gill was hostess to her

bridge club, and seventeen years ago today Avon Privette returned home after a stint at Rex Hospital, Raleigh.

Lord Byron, who was once considered quite a lad with the ladies and is still thought quite a poet, was born 164 years ago today; that's good, I suppose, but more interesting is the fact that 61 years ago today there began a great coal strike in Russia — a pity the Russian army cannot do likewise today!

Weather outlook: The infallible Davis forecast is snowfall not later than January 29. We had a lightning display along with Sunday morning's shower, and everybody knows that if it thunders in winter, we'll have snow in nine days.

## FUNERAL HERE

Amos C. Dawson, active citizen of the Zebulon community for 30 years, died January 15. Mr. Dawson was Deacon Emeritus of the Zebulon Baptist Church, and was a Sunday School worker and church clerk for many years.

## 4-H Clubs Help Keep N.C. Green

North Carolina 4-H Club members are doing their part to help keep the Tar Heel State green.

So far this year 4-H boys and girls have planted a quarter of a million loblolly pine seedlings furnished them by the North Carolina Pulp Company. In all, 187 members in 27 counties have ordered 250,450 seedlings.

Other 4-H'ers who would like to plant loblolly seedlings this season should get their orders in right away, says John E. Ford, assistant forester for the State College Extension Service. The seedlings are offered free to both white and Negro club members in Caswell, Guilford, Davidson, Rowan, Cabarrus, Mecklenburg, Gaston, and all counties east of this line.

Ford says any 4-H'er in this area who has a suitable place to plant them may obtain up to 5,000 seedlings by getting an application from his local county agent.

### Fastest Growing Pine

"Through this offer," says the specialist, "boys and girls have an opportunity to plant the fastest-growing pine in the East. After this pine has been planted a couple of years it really begins to grow, and it is not unusual for it to grow from one to three feet taller each year. In fact it will grow up before some of the 4-H'ers who plant it will. On good soils this tree, once it starts growing up, should be able to grow about 500 board feet of lumber on an acre each year."

Best time to set out loblolly pines, according to Ford, is in January, February, and March. If planted six feet apart in rows spaced seven feet from each other, 1,000 seedlings will be required to plant an acre. One person can plant as many as 500 per day.

## Officers Named For Wake County Hereford Group

Mr. R. P. Bryan, Route 1, Garner, was elected President of the Wake Hereford Breeders Association, Inc., in a meeting held in the County Office Building January 17. Thirty-five interested breeders attended this meeting.

Other officials elected were Roy Ed Jones, Route 1, Wake Forest, Vice-President; Raymond C. Upchurch, Route 3, Raleigh, Secretary; and Mr. R. L. Knott, Route 1, Knightdale, Treasurer. Other directors elected to serve on the board were John L. Sears, Route 1, Morrisville; Alex L. Meek, Jr., Route 2, Raleigh; and J. Harry Pevette, Assistant County Agent, appointed director.

The purpose of this organization as stated in the charter is, "To encourage and promote all phases of beef production, marketing, disease control methods, and breeding; to encourage and develop better marketing methods and to promote at all times all things deemed fitting and proper that will be to the best interest of livestock industry of North Carolina."

Membership will be open to all breeders of registered Hereford and grade commercial beef cattle producers. There is also stated provisions in the charter for associate members and honorary members. Four-H and F. F. A. members owning animals may become members without paying any membership fee.

G. W. Miller, Jr., County Agent, states that his office feels that this is another step of advancement in the beef cattle industry. He also states that there is much land that could be utilized in this type of enterprise.

## Cannoneer Cagers Lose to Youngsville

The visiting basketweavers from Service Battery at Youngsville were too many and too accurate for the Zebulon Battery A Cannoneers Saturday night, taking a decisive 84-55 victory from the Cannoneers in the Wakelon gymnasium.

Wiley Barnes led the victorious visitors with 30 points. Roberts was second in scoring for Youngsville with 13.

Sgt. Hilliard Greene was top on offense for the Cannoneers, pocketing 23 points. Pfc. Spot Beddingfield scored 14, and Executive Jack Potter hit for 10.

This was the second loss for the Battery A team.

### Stanley Party

A Stanley Party, sponsored by the Eastern Star, will be held tonight at 7:30 in the Masonic Hall in Zebulon. The public is invited.

## Members of Zebulon Farm Bureau Invited to Take Family Insurance

The last opportunity before October for members of the Zebulon Farm Bureau to secure health insurance policies under the group plan inaugurated by the Farm Bureau will be given Friday, January 25, when a representative from the Hospital Savings Association will be in Hales Farm Supply Company from 10 a. m. to 5 p. m. The hospitalization plan has

been made available for farmers at very reasonable rates under the Farm Bureau Group Plan, and President M. L. Hagwood of the Zebulon Farm Bureau has urged all farmers to take advantage of the offer.

Secretary Robert Ed Horton repeated the warning that this is the last chance until October for Farm Bureau members to sign for the new insurance plan.
