**A Small Town With Big Stores**

When speaking of cities and towns, Zebulon is rated small, but once in a while even local folks sit up and take notice at something about the neighborhood which is unusual. For instance, W. B. Bunn & Company, wholesale grocers, is the largest wholesale grocery business in Wake County. Remember when the entire business was located in the building now occupied by Bunn Electric Company?

Zebulon Supply Company, according to our information is the second largest wholesale grocery in Wake County.

Top position for business in the town is held by Whitley Furniture Company, which lives up to its motto, "The Home of Beautiful Furniture." This store is the second largest furniture store in North Carolina. Only High Point has a larger store of this kind.
