WAKEFIELD HIGHLIGHTS

I attended my niece's funeral in Wilmington last Saturday, Mrs. J. T. Williamson, the former Algie Rhodes. Mrs. Fred Hood, Mrs. Bertha Hood and Mrs. Millard Alford went with me.

We went on down to Carolina Beach and spent the weekend and came back Sunday afternoon and stopped at Wallace to see the Sammie Sampsons, Sophie Hood before her marriage. Her father, W. M. Hood and wife are spending some time with them. He is not any better. I was sorry I missed Sunday School and Church, I feel like I have lost a great deal when I am not here to go.

Mr. Harold is still not well. He went to Raleigh for x-rays, we hope is will soon be better.

Mr. C. E. Stone is not well at all for the past few days.

Mrs. Mary Kemp is improving, we are sure glad to know about it.

Mrs. Annie Pace is not so well of late, but Mrs. Frazier is very much improved.

The P. T. A. had a very good program Monday nite. It was very well attended by our Wakefield Community. We are very proud of Mrs. A. S. Draughan, our fun raising committee for the P. T. A. She is really a go getter when it is left to her. I saw the Negro Minstrel Friday nite and it was a scream with Sweet Georgia Brown and her song and dance. I would just liked to have faced her in that dance. Mrs. Wade said she would start a dance class for me—how many would like to join up? You are no older than you make yourself feel and they say life begins at 40 — so I hope it will begin for a lot of us soon. Ha. Ha.

The Woman's Division of the Farm Bureau met Tuesday nite with Miss Palmer at the Home Ec. building. We had a very interesting meeting in packaging food for the deep freeze, and cooking frozen food for our families. We all sampled it & it was really good. We all enjoyed it immensely. Thanks to the International Harvester Co. for the Demonstration. We had about 30 present, folks you don't know what you missed by not coming.

The Home Demonstration Club met with Mrs. Pearl Massey and Mrs. Lucy Bunn as co-hostess, Wednesday afternoon with 19 present. We had a wonderful meeting. The program was given by Mr. Dixon and Mrs. Hussey of the Sherwin-Williams Co., on Salisbury Street in Raleigh. The program was on Color Styling and Harmony and interior decorating of the home. I am sure if we just had the time and energy we could make things around us very pretty. We had a new member, Mrs. Melvin Massey. We are always glad to have all who will join us, for anyone that wants to know more about how to do things. Mrs. Joe Tippet gave two book reviews, which we enjoyed very much. Mrs. Massey and Mrs. Bunn served sandwiches, cake, nuts, pickles and iced tea. We will meet next time with Mrs. Melvin Massey in her home on the 4th Wednesday in May.

We can't meet at the Club house anymore till we get it covered and repaired. We have \$81.00 raised on the building fund. I urge anyone that reads this to send us a donation if it is small, we will appreciate it just the same. It takes dimes to make dollars and we need several more to get this work done. I am still selling those hand made nylon flowers for the building fund if you want one just see me. I will be glad to fix you up for \$1.50. I have turned in \$33.00 from flowers sold so far.

Well folks, I feel the fishing fever coming on now. It must be 103 so I am going out to get some bait and try them out today.
