## Carbine Training, Section Work Set For Local Guard

Training for the men of Battery A continued to be centered on the carbines last night in preparation for the weekend of firing at Camp Butner on May 10-11. While Lt. George Hinds was instructing the men who have never fired in the fundamentals of aiming and positions, the non-commissioned officers were checking the weapons which will be used.

The National Guardsmen will leave Zebulon for the firing range about 11:30 Saturday, May 10, returning early Sunday afternoon.

The new fire direction center held its second class last night. Because of a lack of classroom space, this class is being held in the Theo. Davis Sons building, where the maps and charts may be permanently laid out for use.

The fire direction personnel, who will convert the requests for fire from the forward observer into fire commands for the 105-mm howitzers, include M-Sgt. Frank Massey, Cpl. Jimmy Spivey, Cpl. Charles Pearce, and Pfc. Spot Beddingfield.

### Survey Team

Another new section, the survey team, is being trained to be ready before the battery leaves for Ft. McClellan in July. This section, through survey, will be able to locate the exact position of the firing battery and targets. Cpl. K. D. Lloyd will be in charge.

Many vacancies exist in the battery, according to First Sergeant Sidney Holmes, who said that Battery A hopes to bring its strength to at least 65 men before leaving for summer camp.

Men 17 years and older who are interested in the National Guard may contact Sgt. Hopkins at the armory Monday through Friday of each week, or visit during a scheduled drill on Monday night.

A \$3.00 certificate award and special recognition will be given the winning clerk following the Silver Harvest Day ceremony each Saturday, beginning this week.

The number of unpaid volunteer Rent Advisory Boards throughout the country, Alaska and Puerto Rico now stand at 425 with a total membership of 2639, according to Tighe Wood, Washington head of the Rent Control Program.

In Raleigh, a part of the Raleigh Wake County non-critical defense housing area, a six-member board is now headed by James W. Reid as Chairman, Area Rent Director R. B. Lewis said. Tatum, business executive, who complete the public interest membership of the board; Mrs. Harriett Pressly, Radio Commentator and prominent club woman, the tenant representative; and D. C. Adams, local real estate operator, who is the landlord representative.

To ensure the impartiality of the Rent Advisory Board, landlords and tenants are given equal representation on each completed group. The majority on each such board are composed of public interest members.

The board not only has the right to recommend changes in rentals on an individual basis but also may recommend changes in the overall rent program operation in the community, no matter how important.

### 4-H'ers Aided

Participation of 4-H'ers in the program enables them to think together about home, community, and world events in spiritual terms, Harrill adds. It encourages members to associate themselves with high ideals and develop a deeper appreciation of the multiple values of rural life.

In many churches 4-H members will conduct the entire service on 4-H Church Sunday. In others they will serve as ushers, make altar decorations, furnish flowers for pulpit, serve as pianist and song leader, act as superintendent of Sunday School, give special music, or perform other duties.
