

# THE ZEBULON RECORD

Volume XXVII. Number 8.

Zebulon, N. C., Tuesday, October 28, 1952

Theo. Davis Sons, Publishers

## Wakelon Gridders Roll to 41-0 Win Over Nash Eleven

A fired-up Wakelon football team runs circles around the visiting Nashville gridiron squad last Friday night and Bulldogs reeled off six touchdowns to trample Nashville 41-0. Wakelon's passing and running attack completely baffled the losers.

A small crowd was on hand to watch the game, and gate receipts were barely sufficient to pay the game expenses.

Keith Temple worked the old quarterback sneak for 30 yards and the initial touchdown in the first period. He passed to Alton Temple for the extra point to give Wakelon a 7-0 lead.

Still in the first quarter, Irving Murphy charged over guard for 10 yards and Wakelon's second touchdown. Keith Temple scored to extra point on another quarterback sneak.

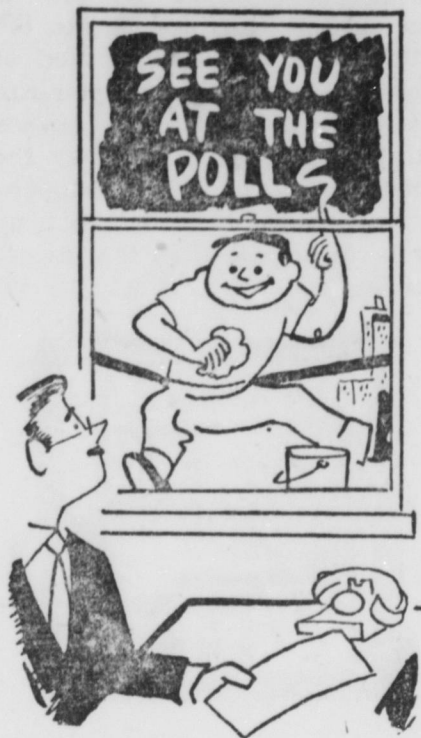

Trevathan went over left guard for four yards in the second period, and Tant kicked the extra point from the 17 yard line to run the score to 21-0. Alton Temple ran 40 yards on a reverse to bring the score to 27-0 at half-time.

### Third Quarter

The score in the third quarter came on a 35 yard pass play from Temple to Thevathan. Tant again kicked the extra point.

In the fourth period Alton Temple scored on a reverse for the final touchdown. As a birthday gift to tackle Lowell Liles, the Bulldogs put him in the backfield and he ran the extra point over to tally the final point.

Coach Herb Holt said every man on the team played exceptional football, and he expects another victory on Thursday night against Apex. He and Principal W. R. Whittenton of Wakelon expressed their disappointment at the small crowds which have attended the games played at Wakelon.

## Seal Campaign Dates Are Set

E. N. Pope, president of the board of directors of the Wake County Tuberculosis Association, announced that Mrs. Josephus Daniels, Jr., will be chairman of the 1952 Christmas Seal Sale and Maurice P. Theim, bond chairman. In making the announcement, Mr. Pope, "Mrs. Daniels and Mr. Theim have taken an active interest in civic affairs in the past and we feel that the association is very fortunate in having their leadership this year."

### November 15

The date set by the National Tuberculosis Association for mailing Seal Sale letters is November 15. The Bond letters will go out at an earlier date. The Christmas Seal Sale is the Association's only source of revenue. It makes possible the maintenance of the free diagnostic clinic, educational program, rehabilitation, and emergency help to T. B. patients.

The free diagnostic clinic is open on week days from 9:00 to 5:00 and on Saturdays from 9:00 to 12:00. All Wake County citizens are urged to take advantage of this chest X-ray clinic.

## Community Chest Drive Begins In Zebulon Tomorrow Morning

### Proposed Wake Clinics, Hospital Additions Are Discussed by Rotarians

The problem of a 20-bed clinic for east Wake County filled the program time for the Zebulon Rotary Club last Friday night. Dr. Ben D. Thomas presented the problems, explained what must be done to obtain the clinic, and told of the facilities the proposed clinic will have. Spirited discussion followed.

According to Dr. Thomas, the clinic will have from 20 to 25 beds, and will fill a pressing need for hospital facilities in this part of the county. Registered nurses will be on duty and doctors will be on call at all times.

The clinic, one of three to be built in Wake County, would be financed through a bond issue from the county. Other clinics would be built at Fuquay Springs and Apex. Rex and St. Agnes Hospitals in Raleigh would be enlarged, if the bond issue were approved.

### Approval Held Up

The holdup in having a vote on the bond issue comes from lack of approval by the Local Government Commission. People of over the county have urged that Wake County be given an opportunity to vote on the bond issue, but several prominent Raleigh people have opposed clinics for the county.

It was pointed out during the discussion period that some Raleigh opposition stemmed from a belief that the rural clinics will operate at a loss. At the same time, it was suggested that the Raleigh hospitals have had to raise their charges several times in efforts to operate at a profit.

### Plant Bed Work Urged This Month

October is the month for treating plant beds and one pound of cyanamid per square yard gives satisfactory weed control and costs less than most other treatments, R. R. Bennett, State College extension tobacco specialist, asserts.

Bennett also points out that 16-6-2 supplies the fertilizer needed for plant growth and it contains cyanamid and fertilizer grade urea for weed control.

Another effective treatment for weed control, but one which should be used only by growers who will provide ample water for the beds at seed germination time and shortly thereafter, is one pound of fertilizer grade urea and one-half pound cyanamid per square yard.

While more expensive than other treatments, methyl bromide gas is effective in weed and nematode control.

Before applying any of these materials, rake the beds free of trash, use a coultter-type plow, disc harrow and a smoothing harrow to prepare a well-pulverized seed bed. Regardless of treatment used, apply one-half to two-thirds of the recommended amount and mix thoroughly with the top three or four inches of soil, using a drag harrow and going over the bed eight to 10 times. Then apply the remainder of the material and rake the bed lightly with a five-pronged pitch fork.

### TEACHER

Mrs. Alease Bass Compton is one of three eighth grade teachers at Wakelon School. Mrs. Compton is from Hazelwood, and her husband is a student in the School of Law at Wake Forest College.

## Terraces Are Built By Nash Farmers

By P. H. Massey

Terraces were staked during the past week on the farm of L. R. Joyner of the Coopers School section and Luther T. Bullock of near Rocky Mount. These farmers plan to construct these terraces with their individual farm equipment. On the Joyner farm a grass meadow had to be established as an outlet for terrace water. This will be utilized as hay as well as a safe means of conducting water out of the field.

Farm ponds were surveyed for E. T. House on the Boddy Ward Farm and Ernest Matthews in the Batchelors store section. Plans are to secure the services of some heavy equipment in the construction of the ponds. Both farmers are in the livestock business and the ponds will furnish water for this purpose as well as being a fish pond. The Tar River Soil Conservation District will assist in securing the fish for stocking.

### Approval Noted

Notice of approval has been received for delivery of bream for the stocking of eight ponds in Nash County. Delivery will be made this fall. Bass stocking will be made in the spring to complete the stocking.

Soil conservation surveys show—  
(See NASH, Page 4)

### FOOTBALL

To avoid conflict with the Halloween Carnivals scheduled for Friday night of this week, the Wakelon-Apex football game will be played on Thursday night at 8:00 under the light on the Wakelon field.

The game against Wendell the following week has also been moved to Thursday, November 6, and will start at 8:00 on the Wakelon field. This will be the season's last home game.

### Record Campaign Goal Sought by Workers; Five Groups Cooperate

The most intensive campaign for funds in the history of Zebulon will begin tomorrow morning when a host of solicitors will canvass Zebulon for contributions to the Zebulon Community Chest. During the three days that the campaign will require, every person in the entire community will be given an opportunity to contribute.

Membership cards showing the amount of the donation will be given to every person giving \$1.00 or more to the Community Chest.

Five agencies participate in the Zebulon Community Chest. These are the Scouting organizations, local welfare, free school lunches, the recreation program, and the United Defense-Fund.

Tonight in the municipal building members of the campaign organization will attend a meeting where materials will be issued and the work for the three days explained, according to Ralph Talton, campaign director.

The goal of \$2,400 set this year is the highest ever attempted by the Zebulon Community Chest. Last year, when no goal was set, about \$500 was raised, and the Scouting groups required nearly \$400 of this. As a result, the recreation program had a difficult time operating during the past summer.

Publicity has been given to the coming drive through the Zebulon Record and by posters placed all over town. During the campaign, a large thermometer will indicate how the drive is progressing, and on Friday, a preliminary report will be published in the Record.

### Shepard PTA Has Goal Set for Year

The Shepard School Parent Teacher Association has set a goal of \$3,000.00 in its Financial Drive for funds to equip a new Auditorium which is nearing completion on the school campus. This sum is the minimum needed to provide stage curtains, cyclorama, public address system, concert piano, and electric score board.

In the event that an authorized solicitor approaches you for a contribution to the cause, please give generously, says Princlal Garland L. Crews.

These individuals have been selected and approved by the Shepard High School P.T.A. to solicit funds for the 1952 Financial Drive. Each person listed here will be given a letter to authorize them to collect funds for the drive, and to keep a complete list of all donors and the amount given.

Hightown: Mrs. Esther Ferrell, Mrs. Lizzie High.

Wrighttown: Mrs. Theodosia Pearce, Roosevelt Wright.

Pacetown: Mrs. Nettie Pace, Leamon Wilson.

Eagle Rock: Mrs. Viola Johnson, Mrs. Bessie Coffey, Rhodie Perry.

White Oak: Sidney Carpenter, Fegen Jones, Mrs. Ola V. Horton.

(See SHEPARD, Page 4)

## Zebulon Personal Items

Miss Maritta Hoggard of Kinston is visiting her sister, Mrs. Wallace Temple, for a few days.

Mr. and Mrs. A. D. Antone visited their daughter, Mrs. Bill Harris, in Creedmoor Sunday.

Mrs. Sterling Gates and Mr. and Mrs. J. W. Sanders of Four Oaks visited the Ralph Taltons Sunday.

Mr. and Mrs. Lee Smith and children of Creedmoor visited Mrs. Merritt Massey Sunday.

Mrs. Millard Chamblee and Mr. Frederick Chamblee and children spent Sunday in Sanford with Mrs. John Liles.

Mr. and Mrs. Willard Gill were dinner guests of Mr. and Mrs. Erceel Powell in Raleigh Sunday.

The Robert Hortons, Hardin Hintons and Mrs. Sam Horton visited Kerr Dam Sunday.

Visitors in the Crafton Hudson home Sunday were Mr. and Mrs. F. M. Tew and Mr. and Mrs. Wilson Tew of Raleigh and Clyde Holland of Salemburg.

Randy Creech celebrated his sixth birthday Saturday with a party at his home. 24 guests were present.

Mr. and Mrs. R. H. Brantley, Jr., and children of Chapel Hill, Bill Brantley of Wake Forest College,

spent the weekend with the Russell Brantleys.

Msr. D. L. Berry of Swan Quarter spent from Wednesday through Saturday with Mr. and Mrs. E. C. Daniel.

The Ted Davises of Kinston spent the weekend with Mr. Theo. B. Davis.

James Debnam is taking his basic training at Fort Jackson, S. C. Miss Katrina Gill of Charlotte spent the weekend with her mother, Mrs. Victoria Gill.

Mrs. Percy Carlton and children of Charlotte spent the weekend with Mr. and Mrs. Ruric Gill.

Mr. and Mrs. Bruce Hodges and Kay of Fayetteville spent the weekend with her parents, the J. G. Kemps.

Dr. and Mrs. Ed Herring visited the R. H. Herrings Sunday.

Mr. Vance Privette is improving at Rex Hospital. His son, Dan, returned to New York Saturday.

Mr. and Mrs. Robert Daniel Massey and children of Whitakers and Miss Zybba Massey of Chapel Hill spent the weekend here.

Guests of the Norman Screws Sunday were Dr. and Mrs. Archie Monk and children of Ahoskie, Dr. T. A. Monk of Goldsboro and the H. W. Underhills of Wendell.
