LINES BY SOGLOW

Have you heard the news? Now you can hold on to those United States Savings Bonds that have reached maturity! That's right... you don't have to cash them in! You can keep your matured Bonds for another ten years, if you wish. They'll go right on earning compound interest for you! So, if you don't need the cash right now... it makes good sense to hold those matured Savings Bonds for bigger and better savings! And in the meantime... keep right on investing in United States Savings Bonds... for your future and for your country's future.

Barley Mixed with Fescue Is Profitable to R. M. Brooks

G. L. Winchester

R. M. Brooks who lives on the Rock Quarry Road seeded 2 to 15 lbs. of tall fescue per acre with his barley last fall. He mixed the grass with the barley and drilled about three acres with this mixture. His field of barley was very good. Soon after harvesting the barley he mowed and raked the straw for feed. On Monday morning, June 22, I passed Mr. Brooks' home and found that he was grazing five of his Hereford cows on this three acres of grass. The grass is 6 to 10 inches tall and should furnish some excellent grazing

Scouts Have Meeting At Hut on Monday

By Leary Davis

The Boy Scouts had their third July meeting Monday night. It seems that some scouts must have thought more of the ice cream party at the school house than their meeting for there were only five scouts present: Freddy Beck of the Flaming Arrow Patrol, Johnny Hagwood and Dan Perry, of the Wolf Patrol, and Johnny Bullock and Leary Davis of the Panther Patrol.

The Panther Patrol will go on a one-night camping trip Friday afternoon. They will leave for Little River at 2 o'clock on bicycles. The patrol will meet at the scout hut at 1:30.
