

### Change Made in Brush Fire Law

A major change has been made in the State brush burning law, which became effective October 1 and will remain in effect until next June 1, according to W. R. Broadwell, Wake County Forester.

The law, which was rewritten by the 1953 State General Assembly, makes it unlawful for any person, firm or corporation to start or cause to be started any fire or ignite any material in any of the woodlands under protection of the State Forest Service, or within 500

feet of any such protected area, during the hours starting at midnight and ending at 4 p. m. without first securing a permit.

Permits are issued without charge and may be easily obtained, County Forester Broadwell pointed out. He listed the places in the county where the permits may be obtained upon request which include: Knightdale Fire Tower, Town Hall, Wendell, Massey's Store, Zebulon, and W. I. Hopkins, Hopkins.

No permits are necessary for brush or debris burning if such burnings are started between 4 p. m. and ending at midnight when winds are usually not so high and brush fires are less likely to be spread by gusts wind.

During periods of hazardous forest fires, Forester Broadwell pointed out, the States forester is authorized under the new brush burning law to cancel all permits and prohibit the starting of any fires in any of the woodlands under protection of the State Depart-

ment of Conservation and Development's forestry division.

Conviction for violating the brush burning law is punishable by a fine up to \$50, or imprisonment for not more than 30 days, the Forester said.

The county Forester pointed out that the new brush burning law does not apply to any fires started or caused to be started within 100 feet of an occupied dwelling house. This merely means no permit is required when such fires are started or caused to be started within 100 feet of a dwelling house.

Because of the unusually dry Summer and early Fall, forests in the county, the Forester said, are rather dry and much care should be exercised by any person handling fire in or near any wooded area.

Campers, hunters, fishermen, motorists, and hikers are urged to be sure to douse all campfires, crush out all lighted cigarettes and cigars, and not throw lighted live ashes anywhere they might ignite dry woods.

The National Guard needs men 17 to 18½ years of age.
