

"JIM BO" IT SWIMS

INTRODUCING JIM BO—the most sensational invention in the history of fishing—the artificial minnow that swims. No more live bait to buy. This is the lure sensation of the 20th century. IT SWIMS—no springs, uses no fuel; it swims as long as you leave it in the water. Swims by unique process of balance and gravity. Fish any desired depth—in lake, stream, gulf, bay. Any fish that will strike a minnow will strike JIM BO. This is no gadget. Looks and swims like a live minnow. This is the lure of all lures—beautiful silver leaf plastic. Buy one for your friends also. Satisfaction guaranteed. Send \$1.00 only, for each lure. Send check or cash. We pay postage. Sold by mail only. J & R TACKLE CO. P. O. Box 741 Largo, Fla.

FIGHT SCOURS

... with this high-antibiotic creep feed that baby pigs love

Here's a powerful new creep feed that fights scours as it packs on early gains. It's called Creep-20... Creep-20 contains high levels of antibiotics—levels high enough to fight scours and ward off several other dangerous baby pig diseases common around the hog barn. And it tastes so good, many pigs start eating Creep-20 the very first week! Order Creep-20 for your Spring litters now.

Bank that money
TONIGHT
and sleep tight

It is not safe to leave a day's receipts at one's place of business overnight. The solution: Local businessmen who bank with us — in fact, any of our depositors — can use our NIGHT DEPOSITORY when they can't reach the bank during our public banking hours. We'll gladly answer your questions about this helpful "extra" service.
