Worried over Finances? Money Isn't Everything

dents are home for a few days now, yet. Ask Aunt Selma. and some will spend the summer | Also nineteen years ago today with us. Nineteen years ago today, Mrs. John Terry and little son, as best I recall, seven college students pulled in for their summer vacations. Edna Earle Sexton, Iris Massey, and Rom Moser were home from Duke, Mary Barrow was home from Saint Mary's, Jocelyn House from Meredith, and Oleta Chamblee from ECTC. (Okay, Jack, I know it's ECC now.)

I was also home, having never been away. When I finished high school in 1935, I decided I knew enough to make money, and after all, what was more important than making money? Later on I got the fool idea that money isn't everything, and haven't fully re-

Many of our young college stu- covered from that sad delusion

Jack, then of Burlington, were in for the time being through telethe community to visit Mrs. Terry's parents, Mr. and Mrs. Billy Chamblee. Little Jack is not so little any more; he got a degree in civil engineering from the well-known college run by, for, and of Mr. Everett Case last Sunday, and is also the owner of two new 2nd lieutenant's bars.

One hundred and one years ago today the militia had to be called out in Brooklyn to suppress an anti-street preaching mob. Personally, I feel a lot of sympathy for the mob. Maybe you will have to call out the militia to suppress me one of these nights, do things get any worse. I believe that every man has the right to worship according to his conscience, but it is hard for me to believe that his conscience requires him to hitch up a loud speaker so that Uncle Ferd, lying blocks away in his bed, cannot sleep for the noise.

William Harvey's blood stopped circulating 298 years ago today, and he died. Mr. Harvey was the man who discovered that blood circulates. Many people had suspected it, but he proved it. Maybe he wouldn't have died when his blood stopped circulating if he hadn't been so smart that he knew he was supposed to.

Anyhow, he was a good doctor.

Another good doctor, name of cipals in a document in circulation seven years ago today. The engraved document announced that Miss Dorothy Rae Davis would be married to him (in Murfreesboro) know, they have both lived happily ever after.

HOUSE PAGE

Jimmy Strickland, 17, served as a page in the 1955 House of of Mr. and Mrs. J. Ralph Strickland of near Emit.

James H. Wheless **County Forester**

James H. Wheless, recently released from the Army as a first lieutenant, assumed his new duties as Wake county forester, State Forester Fred H. Claridge announced this week.

A native of Franklin county, Wheless succeeds Grady C. Harris, who has been transferred to

Rocky Mount as a service forester. Wheless, a 1953 graduate of the N. C. State College School of Forestry, will have charge of all forest management and forest fire control work in Wake county for the Department of Conservation and Development's forestry division. He will have his headquarters in Raleigh and can be reached phone 4-3611, extension 437, Raleigh, Claridge said.

As the county forester, Wheless may be contacted for advice and aid in all phases of forest management, such as tree thinning, planting of seedling trees, proper marking of timber forcutting, and in all other matters dealing with modern management of timber

Forester Wheless will also be available for advice and aid in forest fire control matters.

Baptist VBS

Registration for the Baptist Vacation Bible School will be this afternoon at 3:30 at the church. The annual Bible School parade will be at 4:30 up Arendell Avenue to the bank and back.

Tobacco Penalties For 1955 Crop Are Announced

Penalty rates of 40 cents a pound for flue-cured tobacco and 37 cents a pound for burley have been announced by the U.S. Department of Agriculture for 1955 marketings in excess of acreage allot-

These penalty rates are 75 per cent of official average market prices of 52.7 cents a pound for flue-cured tobacco and 49.8 cents a pound for burley during the 1954-55 season.

Penalty rates on 1954-crop tobacco were 40 per cent of the average market price of the preceding season for flue-cured tobacco and 50 per cent for all other kinds subject to quotas. These rates were changed to a flat 75 per cent of the previous season's average price for each kind of tobacco by an amendment to the 1938 Agricultural Adjustment Act which was approved by Congress March 31, 1955.

The law also was amended to prohibit consideration of excess tobacco acreage in determining future farm allotments.

The USDA has announced that tobacco measurement regulations this year provide for measurements in acres and hundredths of an acre. Fractions of less than one-hundredth of an acre will be dropped. For example, 1.5550 or 1.559 acres would be 1.55 acres.

G. Daylon Morgan Dies Wednesday

G. Daylon Morgan, 49, of Clayton died Wednesday morning following a heart attack in Mary Elizabeth Hospital.

Mr. Morgan was the owner and operator of Morgan's Esso Center in Clayton and was chief of the Clayton Fire Department, a charter member of the Lions Club, a member of the Pythian Lodge and of the board of deacons of the First Baptist Church of Clayton.

Funeral services were conducted Thursday at 4 p. m. at Clayton Baptist Church by Dr. Eph Whisenhurt, pastor. Burial was in Maplewood Cemetery. The body was taken to the church at 3 p. m.

Surviving are his wife, Mrs. Lattie Mae Holder Morgan; one son, George B. Morgan of Zebulon; two brothers, Hubert of Clayton and Vester Morgan of Goldsboro; one sister, Mrs. Robert Barbour of Clayton.
