

THE ZEBULON RECORD

Volume XXIX. Number 81.

Zebulon, N. C., Tuesday, July 19, 1955

Theo. Davis Sons, Publishers

YOU MIGHT'VE HELPED TOBY

THIS IS TOBY, hoping to take your mind off the rising mercury with a hearty "thank you" to everyone who contributed to The Children's Home Society last year. The Society, only state-wide, voluntarily-supported adoption agency in the state, helped 478 children from all parts of North Carolina last year. The Society is a member of the Zebulon United Fund. Adopted as a state project by the Junior Woman's Clubs of North Carolina six years ago, it is sponsored by the Zebulon Junior Woman's Club.

Lions Smother Rotarian Rally to Win Oak Bucket

Zebulon Lions weathered a last-inning rally staged by local Rotarians last Friday night to defeat the Rotary Club, 14-12, when Frank Wall made a Willie Mays catch of Ed Hales' long fly to save the game for the Lions.

Errors were more numerous than hits, as Gilbert Beck and Ralph Talton tied up in what would have been a pitchers' duel, had there been only half as many errors. Talton struck out eight Lions to take strikeout honors, though he lost the game.

Only one fly ball to the outfield was caught by the Rotarians during the game, that by the Rev. Johnny Caldwell in the sixth inning. The only way the Rotary team could get the Lions out was by the strikeout route, balls hit to the infield, or catching the Lions running the bases.

Hardin Hinton led the Lions at the plate, while Franklin Jones homered and tripled to lead the Rotary nine.

Leftfielder George Tucker was the fielding star for the Lions; Eldred Rountree led the Rotarians afield.

Umpires for the game, which saw an old oaken bucket awarded

the Lions Club for the next year, were H. H. Eddins behind the plate, Rotarians C. V. Whitley and R. Vance Brown at first and second base, and Lion Ray Goodwin at third base.

Rotarian Billy Hopkins was the official scorekeeper, but according to his fellow Rotarians, he was too honest to help his club's cause.

Lineups for the game:
Lions: Gilbert Beck, p; George Morgan, ss; Hardin Hinton, 3b; Pete Bryant, 1b; Herbert Holt, 2b; George Tucker, 1f; Frank Kemp, rf; B. Driver, rf; Frank Wall, cf; Crafton Hudson, c.

Rotarians: Ed Ellington, 2b; Joe Wood, 2b-1f; Howard Beck, 2b; Barrie Davis, c; Eldred Rountree, 3b; Ferd Davis, 1f-ss; Aaron Lowery, ss-1f-rf; Ed Hales, ss; Franklin Jones, cf; Johnny Caldwell, rf-1f; Ralph Talton, p; Jack Potter, 1b.

Masonic Notice

An Emergent Communication of Zebulon Masonic Lodge No. 609 will be held tonight for work in the Second Degree. All Master Masons are cordially invited to attend.

Ed Ellington, Franklin Jones Win Tennis Doubles; Singles Postponed

Ed Ellington and Franklin Jones won the doubles competition in the local tennis tournament Friday afternoon, July 15, by defeating W. A. Allman and Ed Hales 9-7, 6-3. The final match which determined the championship was a two-out-of-three sets affair.

A total of 16 men entered the doubles race in the tournament sponsored by the Zebulon Rotary Club.

The eight teams which were paired off by Recreation Director Franklin Jones, fought spiritedly in the mid-summer sun before single-set sudden-death defeats forced all but the Ellington-Jones, Allman-Hales combination out of the running.

After a close first set which Ellington-Jones took, 9-7, the heat

began to take its toll on the speed with which Allman and Hales had triumphed their way into the finals. A 6-3 loss to their competitors assured Ellington and Jones of the doubles crown.

Eight Enter Singles

In the singles category, eight men entered. W. A. Allman defeated Ed Ellington, 6-4, to reach the semi-finals.

A match between Ferd Davis and Ed Hales, with the winner to meet Allman for the championship, was postponed because Allman was scheduled to leave for Georgia on business, making it impossible for the finals to be played until Allman returns. The match will be played in about a month.

Role of Rotary In World Today Told to Members

"The Role of Rotary in a World of Tensions" was the theme of an address by Dr. H. Broadus Jones of Wake Forest College, Governor of District 278 of Rotary International, to the Zebulon Rotary Club last Friday evening.

The address was made on the occasion of the district governor's official visit to the local club and followed a club assembly at 5 o'clock Friday afternoon.

Mrs. Jones, wife of the district governor, accompanied her husband, whom she is serving as secretary during the Rotary year. Both Governor and Mrs. Jones participated in the club assembly with officers and members of the local club.

"That tension is the cause of most physical and mental diseases, or a powerful contributing cause, is now generally admitted," Dr. Jones declared. "We live in a world of tensions, against which we must battle for our very lives. He who does not find a way to break these tensions and live calmly in peace of mind lives in peril."

Turning to international tensions, Dr. Jones asserted that the entire world is imperiled by the tensions that exist today. Fears on international scale grip the nations, suspicions are rife, and hatreds simmer. "Cold wars," he said, "make hot heads, diplomatic language is unknown to hot heads, and international bickering reaches the level of street brawls."

Rotary in 92 Countries

Rotary clubs in 92 countries and geographical regions throughout the world, the District Governor explained, are united in the effort to promote international understanding, good will and peace. In addition to the activities of Rotary's 8,700 clubs within their own communities to promote this objective, Rotary International has spent more than \$1,750,000 in recent years through its program of student fellowships, he continued.

These fellowships, he states, enable outstanding college graduates to study for one year in countries other than their own, as ambassadors of good will. These students are among the most valuable envoys abroad, helping other young people to understand us and our way of life, and then returning to help us to understand the people among whom they have lived and worked for a year, Dr. Jones told the group.

Since 1947, when this program was established, 709 Rotary fellowships have been awarded to students in 57 countries. Among (See ROTARY, Page 5)

Tobacco Barn Burns Early Sunday Morning

An uninsured tobacco curing barn belonging to Bernard Mitchell of Zebulon, Route 4, caught fire about 6:15 Sunday morning and was completely destroyed. The total loss was estimated to be about \$900.

Firemen who answered the call were able to kill the blaze in a shed which connected the destroyed barn with another barn filled with cured tobacco.

Cause of the fire is not known, but flames probably started from an oil burner operating in the curing barn, firemen said.

IN RALEIGH

Herbert Holt

Herbert Holt began work yesterday as Assistant Actuary with the North Carolina State Insurance Commission in Raleigh. Last year he was a member of the Wakelon School faculty, serving also as head coach.

Local Softballers Divide Twin Bill

The softball team recently picked to represent the Zebulon Recreation Commission in the State Championship playoffs in Raleigh split a double-header with the White Imps of Raleigh Saturday night, losing the first game 5-2, but taking the nightcap 7-4.

The team is made up of players from each of the teams participating in the summer softball league in Zebulon.

A list of top players on each team was submitted by team managers and 16 men were chosen from the lists for the Zebulon entry.

The next game for the Zebulon team is scheduled for tonight at 9 o'clock when it plays Finch's Drive In at Red Diamond, Raleigh.

In Canal Zone

Cpl. John L. Denton, 20, son of Mr. and Mrs. Chris Denton, Route 2, Middlesex, is assigned to the 23d Infantry Division at Fort Kobbe, Canal Zone.

Corporal Denton, a squad leader in Company E of the division's 33d Regiment, arrived overseas last September from Fort Jackson, S. C., his basic training camp.

Before entering the Army in November 1953, he was a farmer.

Pair Takes Keys, Car; Ride Ends Bottoms Up on Sunday Morning

William Perry, 28, Route 4, Zebulon, was taken to the hospital early Sunday morning after wrecking a car belonging to Kenneth Wright, Route 3, Zebulon, on a rural road between Hopkins Chapel and Highway 96.

Roscoe Chalk, 26, of Zebulon, Route 4, was also in the car, but did not require hospital attention.

According to information which Wright gave to police about 5 a.m. Sunday morning, he, Perry, and Chalk were driving around in Wright's automobile. They went to Margaret Barham's house, located on Route 4, Zebulon. Mrs. Barham is Perry's sister.

It was during the time that the three men were at the Barham house, Wright said, that Perry and

Quota Referendum Coming Saturday For Weed Farmers

"Age will not prevent votes from being counted in the tobacco referendum scheduled for July 23," Wake County Agent G. W. Miller said yesterday. "We just want to make sure we have a good count when all the votes are in."

Mr. Miller was speaking about the previously announced referendum to be held at ASC polling centers which will determine just what is in store for tobacco farmers in North Carolina and adjoining states.

The County Agent, in stressing the fact that age is no restriction to voting eligibility, pointed out that it is necessary for a farmer to be a tobacco producer.

Two-Thirds Majority Needed

Flue-cured tobacco growers will reveal their stand in the Tobacco Associates assessment vote and the government's marketing quota vote. In all these referendums a two-thirds majority is necessary for approval.

In the marketing quota referendum, flue-cured growers will decide whether crop controls will continue in effect through 1958, or just for 1956, or whether they will be eliminated completely.

If farmers favor quotas they will become eligible for government payments on their flue-cured crops at the established 90 per cent of parity support rate, provided they conform to prescribed government regulations in growing their crops.

Vote on Assessment

In the flue-cured assessment referendum farmers will decide whether or not to assess themselves 10¢ per acre of flue-cured tobacco for each crop year through 1958 in order to support Tobacco Associates, a farmer organization formed in 1947 for the purpose of promoting flue-cured marketing outlets overseas.

During its eight years of operation, Tobacco Associates has been instrumental in reducing the damaging effect of increased flue-cured competition abroad and the domestic consumption decline, two factors which have contributed predominately to the surplus situation, Mr. Miller said.

"They have accomplished this through constant contact with import agencies abroad and with export agencies in this country," he continued.

Chalk allegedly took the car keys from Wright without his permission, and drove off in the vehicle.

Wright came to the Zebulon police station to swear out a warrant against the two men, and while he was there, Patrolman C. R. Wicker arrived and reported the car wrecked on the rural road.

Runs into Ditch, Overturns

Police reported that Perry apparently was driving the car and had run it into a ditch, which caused the vehicle to turn over. Perry suffered facial cuts.

No charges have been made against Perry, pending his recovery. Chalk is charged with taking a man's car and operating it without his consent.
