Scout Advisor Urges Parents Aid

The Zebulon Explorer Scouts will be out to win one of the prizes offered at the Annual Scout Circus this year.

This 1956 Scout Exposition will be held in the Cow Palace, located on the State Fair Grounds, March 17. The Exposition is a new twist this year to the Annual Scout Circus started in 1953 to raise money for the Scout Troops of the Occaneechee Council, and also to educate the public as to what a boy gets out of scouting.

Each Cub Pack, Scout Troop, and Explorer Post will occupy a booth 8 by 10 feet inside the big arena. There will be approximately 200 scouting divisions.

The public will witness over 7000 boy scouts from our council and scouts from 12 foreign countries all working at the same time. The booths will be opened to the public from 2:30 p.m. until 9:30 p.m. with some phase of scouting being demonstrated in each booth.

Boy Scouts from the local troops will be selling tickets to the Exposition from now until March 17. Each Troop, Pack and Post will receive 10 per cent of all money collected for their own treasury, plus big prizes for the top ticket salesmen of the Council.

Last year the most tickets sold by any one scout was 137, and the winning scout received \$200.

Top prizes which the Explorer Scouts will be vying for will be a canoe trip in Canada, a trip to Cuba, a sightseeing trip to Wash- (See SCOUTS, Page 5)

Ministers Draw Up Document

The Zebulon-Wendell Ministerial Association commended two local patrolmen for the effective work they are doing in helping to reduce accidents and protect the lives of the citizens of the surrounding communities when they met Tuesday in Wendell.

At this meeting they drew up the following document:

Whereas the Wendell-Zebulon area has long had a bad record as the "breeding ground of speeders for 'bloody Wake'" and whereas this record is an embarrassment and a detriment to these communities;

And Whereas, it is our conviction that the ethics of the Christian faith require responsible action in every area of life,

And Whereas, we believe that the program of the State Highway Patrol is practicing and enforcing the Christian ethic in its program of safety;

Now Therefore Be It Resolved: we the Wendell-Zebulon Ministers commend the work of the Highway Patrol, the local authorities, and especially Patrolmen Tucker of Zebulon and Wagstaff of Wendell for the effective work they are doing, for their devotion to duty, and for the excellent record they are establishing;

And Be It Further Resolved that we pledge to them our firm support in extending and consolidating their program of safety and responsible habits of driving, and that we urge all the peoples of this area to cooperate with them and encourage their program through strict obedience to the law.

The association is composed of the following ministers: William Vinson, Preston Parsons, Troy Barrett, Scott Poole, Sidney Boone and Beverly Asbury.

Importance of Guard Drive Cited By Mayor

A Proclamation

As mayor of the town of Zebulon, I wish to call to the attention of our citizens the importance of the one-day recruiting drive of the National Guard here February 25.

At the moment the National Guard of this country is at the greatest strength in its history. But our military planners wish it to be larger still. This is in line with present policy of strengthening our reserve forces so that we will not have to support indefinitely a large, active military establishment.

These same volunteer citizen-soldiers who provide us with an economical and efficient defense force, serve also in time of peace as a trained and valuable shield against the ravages of natural disaster.

For these reasons, I appeal to the citizens of this community to support wholeheartedly the coming effort of their National Guard to enlist new members. In this way those who do not serve actively can give support to an organization which performs an invaluable service for us all.

Mayor Wilbur T. Debnam today called on the citizens of Zebulon and the surrounding communities to "support wholeheartedly" the one-day recruiting drive of the National Guard February 25.

The drive is designed to help meet the national quota of 75,000 new Guardsmen this fiscal year. The goal set for the campaign here is seven (7).

Mayor Debnam said that while the total strength of the National Guard is now the highest in history, more members are needed "in line with present policy of strengthening our reserve forces so that we will not have to support indefinitely a large, active military establishment."

He stressed the fact that the National Guard deserves support because it serves both as an efficient and economical part of our national defense and as a valuable relief force in time of natural disasters such as floods, fires, and storms.

Aiding the National Guard in its recruiting drive, Mayor Debnam said, would enable those not engaged actively in the defense of our country to support those who are.

March of Dimes

A total of \$940.70 was collected during the March of Dimes campaign, Franklin R. Jones, chairman, said yesterday.

Safe to Take Gold Coins Out of Mattresses Now

"It's safe to take those gold coins out of the mattresses now," Robert Daniel Massey, acting cashier of Peoples Bank, said recently.

Little by little, Uncle Sam has come around to the view that Americans can hold as many gold coins as they choose.

The government on April 5, 1933, ordered Americans to surrender within three days — at face value — all gold coins, bullion and certain certificates.

"The easing of U. S. curbs on gold coins is only one example

of gold's growing freedom," Massey said.

Gold — in any form — is especially attractive to hoarders at times when doubts arise as to the stability of a nation's currency, he said.

The collapse of Uncle Sam's 23-year-old ban on gold coins, etc., has brought about brisk retail sales.

Any gold coins will be accepted at the local bank with out any questions or restrictions, Massey said.
