Garden Club Reports FC Project Proceeding Slowly

Mrs. George Tucker said the finer Carolina Beautification Project is proceeding slowly.

She has contacted various State officials in connection with the curbing of the triangular section west of town. The Garden Club has selected this site as their project for beautification.

Mrs. Tucker said that information is forthcoming from State officials as to the possibility of having this site curbed.

The Club has undertaken this project with the idea of beautifying the section with herbaceous

plants, shrubs, and low growing flowers.

She has also stated that the pancake supper which the Club sought to sponsor has been called off due to the fact that the person representing the company has been booked until the fall.

Another project is now underway to secure funds for the Club. That is sponsoring a bridge tournament.

Mrs. Ruric Gill, Sr., in charge of the tournament, has stated this year tournament will be held sometime after Easter.
