Local Drive-In Tops County Eateries; Temples Highest for Markets

CONGRATULATIONS to Hilliard's Drive-In Restaurant . . . tops all Wake County eating establishments in health ratings . . . Hilliard's has consistently maintained a high standard since opening never falling below the 94 percent mark . . . and to Temple's Market . . . receiving a 97.0 health rating for meat markets and groceries.

COOL, MAN, COOL . . . that's how the Town Clerk's office in the Municipal Building feels now since the installation of a three-quarter ton air conditioning unit . . . addition was made week before last . . . and Kenneth Hopkins and Mrs. H. V. Andrews, employees, are over-joyous . . . it was quite unbearable on hot days.

ON SCHEDULE AGAIN . . . Recorder's Court has gotten back on its old schedule of operating two days a month . . . the second and fourth Wednesdays . . . when the court dockets became so loaded with traffic violations and other misdemeanors, court officials added an extra Wednesday to speed up the clearing of the dockets . . . now the dockets have become less

crowded, it is felt by the court officials that resuming the old schedule will be satisfactory.

New Masonic Lodge . . . Plans for the new Zebulon Masonic Lodge are now in the hands of I. B. Richardson, the Lodge's Worshipful Master. No definite date has been set for the construction of the building, which is to be located on Horton Street between the Post Office and the home of Mrs. Viola Perry.

STOPLIGHT . . . more opinions . . . Some of the ladies are beginning to grow a shade angry over the stoplight situation . . . they are wondering why they cannot be put up, especially where needed . . . one lady indignantly said if a stop light isn't erected at the intersection of Arendell Avenue and Sycamore Street someone is going to be killed or seriously hurt . . . it's such a blind crossing, she said . . . why, you can't see a thing . . . it's absolutely foolish to keep the stoplights in storage when they should be put up to help save life, limb and nerves. . . .

House Numbers Ready To Be Assigned — Soon

House numbers for Zebulon are closer than ever.

Town Clerk Willie B. Hopkins has announced that the numbering system has been completed. It was finished last week.

All residences and businesses have been assigned numbers, and these residences and business establishments will receive a card within the next two weeks with the assigned number.

Hopkins said that a number has been assigned for every 50 feet of

residence property and every 25 feet of business property.

He is asking that the citizens not yet buy numbers until the Town Board delegates some specific style and design.

There is a possibility that some club or organization will sell these numbers as a project for their club, Hopkins said.

There has been no definite time assigned when the numbers must be up, it was reported.

The Town Board adopted the (See HOUSE NUMBERS, Page 5)

Willie Edwin Bullock, 17, son of Mr. and Mrs. Edwin Bullock, died at Rex Hospital at 2 p.m. Sunday. Death was attributed to a concussion and a fractured skull.

Young Bullock and the injured, who were all believed to have been riding in the bed of the truck, were strewn over the highway, J. W. Lynn of the State Highway Patrol reported. Lynn said at least two other persons may have been involved.

Driver of the truck was Tony Marshall Wilson, 17, of Zebulon, Rt. 3, according to Lynn. Wilson is the son of Mr. and Mrs. David Wilson.

Wilson said he was traveling west three miles west of Bailey when he attempted to pass another vehicle. At the same time a third vehicle attempted to pass the pick-up forcing it to the right shoulder of the highway where it overturned, the driver told police.

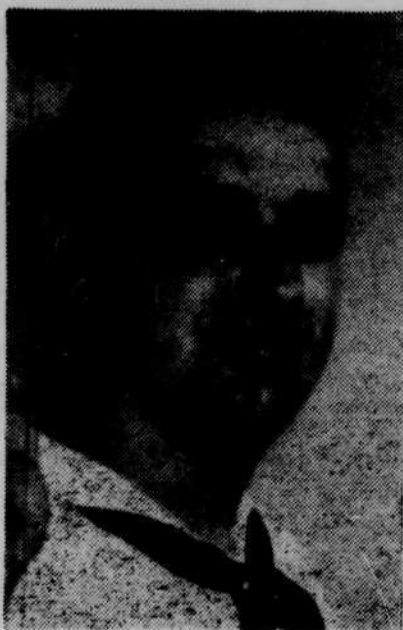

Patrolman Lynn said repair and widening operations had just been completed on the road at the wreck scene and that signs were posted warning of low shoulders. Lynn said the truck apparently hit a low shoulder and upset as Wilson attempted to steer the vehicle back onto the road.
