## Former Pastor Awarded Degree

It has been learned that the Rev. Carlton Mitchell will be the guest minister of Zebulon Baptist Church August 12.

The Rev. Mr. Mitchell was awarded the S.T.M. degree at Union Seminary in May. In the fall he plans to enroll for further study at Union and also to do some work at Columbia University.

According to Mr. Mitchell his study and experiences in New Jersey and in New York have been interesting and exciting. His study has been following lines of inquiry about the historical development of Baptist worship. His S.T.M. thesis sought to trace the main currents from the Smyth-Helwys tradition down to about 1890 in America. He hopes to do further study and writing in this field.

The Rev. Mr. Mitchell is pastor of the First Baptist Church, Richfield, N. J., not very far from New York City. He was pastor of the local Baptist Church from 1947 until 1953 when he became a chaplain in the Navy for three years. ## Community Library Proves Useful; Adults Reading More Books Now

At the last inventory made of the Zebulon Community Library, there were some over a thousand volumes, Mrs. Raymond Pippin, library chairman, stated.

The officials of the library are now at work processing the books, making a revision of the accession records and shelf lists.

Records made from the inventory revealed that very few books are missing.

Mrs. Pippin said that no books have been donated to the library during the last six months.

She also stated that she is quite encouraged at the number of books that have been borrowed from the library during the summer months.

The borrowers have been primarily children, though the adults have been more responsive than usual in the past.

The reference books are very poor, and the library is in des-

perate need of more up-to-date reference books and materials, officials of the library have said.

The Zebulon Community Library does not operate in conjunction with the Olivia Raney Library. Plans for the borrowing and lending of books through this library have not been formulated due to the necessity of having to employ a full-time librarian to be responsible for the borrowing and lending transactions.

In the future, the chairman related, it is hoped that plans may be worked out whereby the local library may work in connection with the Wake County library.

The local library receives no aid from any outside sources. The only help given the library comes from the American Legion Auxiliary which sponsors the library and staffs it with Auxiliary personnel.

## Books Audited

The finance records and Recorder's Court records of the town of Zebulon underwent their annual auditing this week by R. L. Steele and Company of Raleigh, certified public accountants.
