## REC. CENTER

### Saturday Is Youth Night

Mr. and Mrs. Bernice Bunn, owners of Bunn's Recreation Center on West Horton Street, have revealed that the Center will be open to teen-age groups each Saturday night free of charge.

These groups must be well chaperoned, Mr. and Mrs. Bunn said, and the chaperones are to assume responsibility for the conduct of the groups that meet there.

Bunn's Recreation Center was built for the use of the teen-agers in Zebulon and the surrounding communities, the owners said. They felt a need for such a center and they hope the youth will take advantage of it.

Of course, they hope, too, that they use it properly. If at any time any of the groups abuse or damage the building or furniture, they will be forbidden use of the Center.

Two of the local churches are already planning teen-age activities at the Center. There is no restriction to the denomination which may use the recreation hall.

Persons or person who want to use the Center will be charged a fee of \$10.00. No party or organization will be booked for a Saturday night. This night is reserved strictly for teen-age groups.

The owners stated that a moderate use of kitchen facilities will be available. No group will be allowed to prepare full meals.

As applies to teenage groups, parties or organizations who rent the building will be held completely responsible for the care of the Center.

Music for dancing or listening may be provided by a piccolo in the Center. The charge for each record will be five cents. Ordinarily, there is a charge of ten cents, with the owner getting a profit of five cents.

### Delinquent Water Bills Numerous

Approximately 140 delinquent water bills were on the town books as of Monday.

These bills ranged in amounts due from \$3.80 to \$169.30.

A water bill is not classified delinquent until it is two months or more old.

### Wakelon Students Learn By Way of Television

The world history and eighth grade mathematics classes at Wakelon School began a new experience in learning Monday.

They began learning the two courses by remote instruction—educational television.

Wakelon School joins 54 other schools in North Carolina which are receiving instruction by television in this new experiment launched Monday.

Principal John J. Hicks said he feels that such instruction can be very successful.

Two television sets have been allotted to Wakelon. These were

### UF Budget Is Being Worked Out

Zebulon United Fund's Budget Committee met Monday night and made a tentative budget for the 1957-58 year, President Thomas Monk said.

The committee refused to reveal the tentative budget for publication.

President Monk stated that the Budget Committee will meet Monday night, Sept. 16, at the Municipal Building with all the agencies present to voice their approval or disapproval of their allotments.

The president revealed that the budget will be lower than the 1956-57 budget.

"We are looking at this thing realistically," Monk said.

The campaign will get underway in October. Campaign chairman is Robert Daniel Massey.

### Blackley Awarded Plaque For Meadow Stripping

Stephen J. Blackley, a prominent Route 4, northwest Zebulon farmer, has been presented a plaque for being a winner in the Meadow Strip Contest in Wake County.

This contest was sponsored jointly by the Soil Conservation Service supervisors and the Raleigh Jaycees, and was concluded with a meadow strip demonstration Friday, Sept. 6, on the farm of Richard P. Hunt located in the Millbrook School district.

Mr. Blackley, who had a low-lying area of land on his farm, had this area graded with a bulldozer and then planted cover crops of ladino clover, tall fescue grass and oats.

He said he did not receive the kind of stand he would have liked but that it was his first experience with meadow stripping. And he thoroughly recommends meadow stripping to other farmers in this territory.

The local winner was presented the award by Grayson Quarles of Wyatt Quarles Seed Company of Raleigh. He was among eight winners in Wake County.

Mr. Hunt, who was presented a trophy for having the outstanding meadow in Wake County told the winners and representative of the

### TB X-Ray Unit To Be Here Sept. 27, 28 and Oct. 1

Mayor Wilbur Debnam has announced that a mobile x-ray unit will be in Zebulon September 27, 28 and October 1.

This unit is provided through the Tuberculosis Section of the North Carolina State Board of Health.

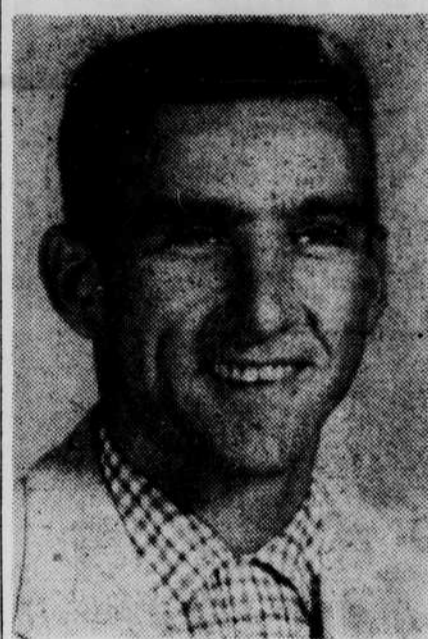

Mayor Debnam has been trying for some time to secure the services of the mobile x-ray unit, but until recently Zebulon had not been designated for such service.

The Mayor was notified of the schedule September 5 in a letter from Dr. A. C. Bulla, Wake County Health Officer.

Mayor Debnam said he could not urge too strongly that people take advantage of this free service.

The unit is to be at Wakelon and Shepard schools but no date has been announced.

### Tentative Plans for Golden Anniversary To Be October 14-20

Robert Moore

### Head Baseball Coach Named

Robert Moore, new faculty member of Wakelon School, teaches eighth grade and serves as assistant and football coach. When basketball season begins he will be head coach of the girls' basketball squad, and when baseball season rolls around he will be head baseball coach.

Prior to coming to Wakelon, he taught eighth grade in Pikeville High School in Wayne County for a year.

He is the son of Mrs. E. E. Moore of Ayden and the late Rev. Mr. Moore. He holds a bachelor of arts degree from Atlantic Christian College which was awarded to him in 1956.

Moore, 27, is married to the former Dorothy Louise Anderson of Wilson, also an ACC graduate.

### PTA

Wakelon School PTA is the third Monday night of each month and not the second Thursday night of each month as was erroneously reported in the last issue of this paper.

PTA patrons are requested to note this change and attend these very important meetings that are of extreme value to school, parent and child.

### Local Grill Burglarized Sunday Night; \$30 Taken

The Meet and Eat Grill, located on Highway 64 northeast, was entered some time between 11 o'clock Sunday and 9 o'clock Monday morning, Zebulon police have reported.

The owners, Mr. and Mrs. W. W. Watkins, discovered the break-in when they went to their business establishment about 9 o'clock Monday morning.

Mrs. Watkins said the Grill was entered by way of the back door. The screen door wire had been ripped with a sharp instrument so as to unlatch it. Then the knob of the panelled door was broken off.

Inside the burglar or burglars raided the juke box and pin ball machine. The pin ball machine's finish was badly damaged in an ef-

Tentative plans for Zebulon's Golden Anniversary celebration have been announced by Ferd L. Davis, chairman of the 50-year event.

The celebration has been postponed twice. The event was planned for last February and then for July but were later cancelled.

Town Attorney Davis revealed the celebration plans before the mayor and town board of commissioners at their September meeting held Tuesday night, Sept. 3.

The chairman said the event will get underway Monday, Oct. 14, and conclude Sunday, Oct. 20.

At present no speakers have been announced for the celebration, the attorney said. Prominent public figures are being contacted and when they accept their names will be announced.

The Zebulon Farm Bureau will (Continued on Page 13)

### Local Grid Season Opens Friday Night

Coach Vaughn Fowler's Bulldogs open their grid season in Wendell tomorrow (Friday) night against the Rolesville squad.

The Bulldogs have been shaping up beautifully and the team expects to clobber the Rolesville team in their first non-conference game of the season.

This game is being played in the Wendell stadium because Rolesville High School has no stadium.

A downpour of rain flooded Benson School's athletic field and caused postponement of the non-conference football game this past Friday night between the Bulldogs of Wakelon and the Blue Phantoms of Benson.

The two teams will play the contest at the tail end of the season on Friday night, November 15, at Benson, Wakelon Principal John J. Hicks has announced.

Wakelon defeated the Blue Phantoms last year by a score of 47-6.

fort to break open the coin box.

Mrs. Watkins said she estimated approximately \$30 was taken from both machines. She said the pin ball machine had been emptied of its money the preceding Wednesday.

Also missing was a small table model Philco radio, valued by Mrs. Watkins at \$25.

Nothing else was bothered. Not even a pack of cigarettes was missing or candies or Cokes.

The entrants left by the front door of the Grill. In order to open this door, the knob had also been ripped off.

A finger print expert from the State Bureau of Investigation made prints Monday, but the local police department had received no report at the time of this publication.
