Sprite Barbee Spearheading Chilean Relief Fund Here

In a county-wide meeting held in Raleigh May 31, the mayors of each town in Wake County were told by Dan M. Paul, chairman of Wake County Chapter, American Red Cross, that developments indicate the Chilean earthquake to be one of the world's worst disasters, killing over 10,000 persons, injuring untold thousands, and leaving hundreds of thousands homeless.

Chairman Paul pointed out that because of the urgency of immediate action, President Eisenhower had requested similar meetings to be held throughout the U. S. to raise cash contributions to be sent directly to Chile.

At the meeting in Raleigh, those present made plans for immediate efforts to aid victims of the Chilean disaster by providing a Chilean Relief Fund to be financed by voluntary contributions at the earliest possible date. Contributions should be sent to Chilean Relief Fund, Zebulon Municipal Building, Zebulon.

It was pointed out that voluntary agencies with operating missions in Chile such as the Catholic Relief Service, Church World Service, CARE and others have already furnished clothing from their stockpiles. Cash is now urgently needed for food, medicine and other emergency items.

A statement released by Zebulon Mayor Ed Hales to The Zebulon Record immediately after the Raleigh meeting follows:

"We are appalled at the disaster that has struck the friendly, hard-working people of Chile. News reports indicate that earthquakes, tidal waves, avalanches and volcanic eruptions have brought death to thousands, extremely serious personal casualties

and heavy material damage that will take years to overcome. It is now winter in Chile. The disaster area is one of heavy rainfall. Hence, the extent of personal suffering being experienced by Chileans is almost beyond comprehension.

"I urge all our people promptly to demonstrate once again the great generosity so characteristic of them. It would certainly be an act of good will on our part in these times of Communist aggression if we assist the government of Chile and the Chilean people in this catastrophe.

"Please send cash contributions to the Chilean Relief Fund, Zebulon Municipal Building. I feel confident that the good people of this community will respond generously to President Eisenhower's request for immediate monetary aid to Chile through voluntary contributions."

Mayor Hales also urged ministers, civic clubs, presidents and secretaries of other organizations to ask their organizations for voluntary contributions at their regular meetings.

Sprite Barbee, who is spearheading this drive in Zebulon, said it is hoped that this drive can be concluded by June 15.
