Led by the Rev. Wes Brogan, conference director of Children's Work of the N. C. Methodist Conference, the Laboratory is the first ever to be held at the Zebulon Church. It is the first such Lab to be set up by Mr. Brogan in the Conference.

Purpose of the lab is to teach persons who teach in the division of children's work, how to teach primary age youngsters. The adults will observe Mr. Brogan teach Primary groups on Saturday morning, afternoon and on Sunday morning. Members and friends of the church are asked to attend the prayer group in their particular area at 7:30 Thursday night.

Homes at which the groups will gather will be Misses Oza and Doza Blackley for those members in the Wakefield community; Mr. and Mrs. David Wilson, the area of the Wendell By-Pass and Highway 64 East.

## Local Man Buys Auto Store

Bobby Duke has announced the purchase of Zebulon Auto Supply. Duke bought the local parts supply store March 1 from Mrs. Gladys Griswold of Fuquay Springs.

The store will now be known as Duke's Auto Supply. It will be strictly wholesale only in automobile and tractor equipment.

Duke said the stock will be increased. Tractor parts will be carried, the new owner said. Such parts could recently be bought no closer than Raleigh.

A. H. Smith will continue to work with the firm, which is located at the corner of Arendell Avenue and Vance Street.

## Stay Out of Pool

Parents, keep your children out of Zebulon's newly completed swimming pool.

Pool officials urge parents to see their children do not go into the pool area.

A few days ago a group of teenagers crawled over the wire and went swimming.

This could be dangerous, said pool officials. If an accident had happened, it could have been fatal. And, besides, insurance would not have covered the accident.

Officials urged too that children not thrown foreign objects into the pool.

No date has been set for the pool opening.
