Legion Post Has Exceeded Membership Goal for 1961

Zebulon Post 33 of the American Legion has exceeded its membership Incentive Goal for 1961, according to information received here from State Headquarters of the American Legion in Raleigh.

Charles W. Pace, Commander of the Post, has received a letter from the Legion State Adjutant, Nash McKee, expressing congratulations and thanks to the membership chairman, all Post Officers, and membership workers for their effort.

S. Marvin Burton of Charlotte, Department Commander of the American Legion, issued a statement of high praise for the local Post.

Commander Burton said, "I am proud to congratulate the officers and members of Post 33 upon this notable achievement. All of the programs and services of the Legion are made possible through dues paid for membership and we appreciate the great part played

by Post 33 of Zebulon. Sincere thanks to every member of the Post who had a part in the membership work."

The Incentive Goal of Post 33 is 65 and the membership for 1961 to date is 65. Incentive Goals are assigned each American Legion Post by the State Headquarters and are based on last year's membership of the Post plus 2 per cent.

"We do not intend to stop our membership drive now that we have reached our Incentive Goal," Post Commander Pace said. "There are many more eligible veterans who have not yet joined our Post and we invite them all to become members."

Cameron Stallings

Missing Man Home

Cameron Stallings, object of a week-long search last week, is now at home. He arrived Sunday from Oklahoma City accompanied by his sister and a Franklin County deputy.

Stallings telephoned his sister from Oklahoma City Friday, saying he had been kidnapped. The call was made about 8:45 p.m.

A widespread search for the 36-year-old grain mill operator of Pilot community began weekend before last. He was last seen in Cameron Village by an acquaintance, W. A. Allman of Zebulon, around 4:45 p.m.

Stallings had made a hurried trip to Raleigh to see about pur-

chasing a seed-treating machine for his grain mill.

His abandoned automobile was found on South Person Street in Raleigh and his empty pocketbook was discovered in a car lot near by.

Searching parties covered many areas around Raleigh during the week on the theory that Stallings might have been slain. Many of his neighbors from the Pilot community, located just over the Franklin County line, joined in the search.

Stallings was reported under a doctor's care this week and unable to offer coherent explanation for his disappearance and journey.
