ON STAGE: THE PRINCESS! There's a new star in show business with a bright future, we think. The Princess phone! Recently a white Princess phone was connected in the dressing room of the 54th Street Theatre in New York for "Bye Bye Birdie" star Chita Rivera. This hit musical also uses 30 Princess phones in a musical scene "The Telephone Hour". In addition, the current Ice Follies touring the country features the Princess in one of its acts. For a "star" that doesn't say a word, the Princess seems to be doing pretty well!

COME TO THE FAIR! To the Spring Phone Fair, that is. Right now, we have a gala display of telephone equipment at our business office. And you're cordially invited to come see—browse around—and learn about these telephone conveniences. You'll see the Bell Chime, Home Interphone system, Princess phone, Volume Control phone, as well as colorful wall and desk models. Now's your chance to see them all and perhaps decide which of these telephones best suit your needs and decorating scheme. We hope you'll come and bring the family.

APRIL IS CANCER CRUSADE MONTH and this is just a reminder that there are two ways you can help the American Cancer Society conquer the cancer problem. First, by periodic check-ups for you and your family. Second, by giving as generously as you can. I hope that each of you will join with me in helping fight this disease that could strike any of us at any time.

Lemonade Money

Five cents a glass... Not what you'd call big business, but with "borrowed" ingredients they've netted enough to start a Savings Account.

The exact amount? That's a secret we help them to keep, along with the money.

Equally welcome is errand-running money and lawn-cutting money and regular job money and birthday-present money. We even pay depositors for leaving it here. Interest, that is.
