

Guardsmen Help in Time of Need

National Guardsmen of Zebulon's Battery A are ready to render valuable help in another area of community service. All 85 of the citizen-soldiers have had their blood typed by the Wendell-Zebulon hospital and are listed as volunteer blood donors available for emergency. Shown above is Pvt. Charles E. Vincent, of Route 2, Wendell, with his hand extended for Hospital Technician, Mrs. Ann Bower to take a blood sample.

The first call for help was quick to arrive for the Guardsmen. Last Saturday evening Wilson Stallings, son of Mr. and Mrs. Woodrow Stallings of Route 3, Zebulon, and Harry Chamblee, son of Mr. and Mrs. Sherwood Chamblee of Zebulon, gave two pints of blood which was rushed to Fuquay-Varina hospital for immediate use. The two Guardsmen have a comparatively rare O-negative blood type which was not available to the southern Wake branch hospital.

HELP NEEDED

Recreation Commission Has Heap Big Debt

Alas and alack. Zebulon Recreation Commission is \$450 in debt.

Wayne Davis, an ex-officio member of the board, revealed the debt is due to equipment purchased and insurance taken out on participants during last year's program.

Davis reported that a summer recreation program of sorts is going to be held this year, even with such a staggering debt.

The main program, he indicated, will be baseball. There will, in addition, be a program at the Community Park. He said basketball goals will be moved to the park for this sport.

He said it is hoped that the tennis courts will be paved, but the paving is the town's responsibility. Presently there is no source of

revenue. The board, which met Monday night, made plans for a pork and chicken barbecue supper to be held at the park to coincide with the opening of the swimming pool. Tickets will be sold to this barbecue supper and proceeds will go to the Recreation fund for the summer program.

Tentative plans are for the Wakelon band to appear at this affair, he said.

He indicated that a concentrated drive for monetary support from the merchants will be held.

He added that the program will need the support of parents before children can be helped.

Only five persons attended the general meeting Monday night. Another general meeting is scheduled in two weeks, Davis said.

because the incumbents had no competition. She said some people who came to the polls said they thought they didn't have to vote because the incumbents did not have anybody running against them.

Mayor Ed Hales agreed. "You can't create interest in an election when you don't have a choice," the mayor said. "However, the ones that did vote for us made us feel good."

Mayor Hales said he thinks the Board will have many problems to face during the next two years—things that will require a lot of thought. He mentioned two major items to come before the Board: a sewage treatment plant and a more adequate water supply for Zebulon.

Commissioner T. B. Hepler was willing to wager that the next town election will see a flock of candidates up for office.

Mrs. Creech reported that over 500 votes were cast in the last election two years ago.

She also said only 10 new registrations were made for the election held Tuesday.

Judy Temple, Priscilla Bercik Named Girls State Candidates By Auxiliary

Two rising seniors of Wakelon School have been chosen by the American Legion Auxiliary to attend Girls' State in Greensboro June 11 through June 17. Priscilla Bercik and Judy Temple were selected last week from a group of girls nominated by the Wakelon faculty.

Miss Bercik is the daughter of Mrs. Milton Trevathan of Zebulon, and Miss Temple is the daughter of Mr. and Mrs. Alton Temple, also of Zebulon.

Both girls, 16, will be given an all-expense-paid trip to Girls' State. The local Auxiliary will pay the bill of \$45.00.

Girls State was organized as a national Americanism activity by the 1937 National Convention. A national committee to direct the program was created by the 1946 National Convention. The first Girls' Nation, with representatives from each Girls State, was held in Washington, D. C., in 1947.

Girls' State is a practical application of Americanism and good citizenship. The entire program is

a non-partisan, non-political attempt to teach and inculcate in the youth of American a love of God and country.

Final approval of girls must be left to the local American Legion Auxiliary unit. The qualifications (Continued on Page 4)
