Billy Graham Film On Tap At Zebulon Baptist Church

Billy Graham's historic 17,000 mile "Safari for Souls" across Africa, is the theme of a new feature length motion picture. "AFRICA ON THE BRIDGE," which has its Zebulon premiere at the Zebulon Baptist Church on October 12 at 7:30 p.m.

Photographed in authentic sound and natural color in seventeen principal cities across Africa from Moarovia, Liberia to Cairo, Egypt, the document captures the spirit of Africa during these current crucial years. Frequently called "The Awakening Giant," Africa is depicted to be in a transition period—on a bridge—between ancient tribalism and the shining goal of independence from colonial rule. During this significant period, American Evangelist Billy Graham was accorded an unprecedented welcome by Africans ranging from Chiefs of State down to the general population of bush, desert, and jungle. A total of 500,000 persons attended outdoor mass meetings with nearly 35,000 inquirers remaining for further help and instruction.

"AFRICA ON THE BRIDGE" has great pictorial scope, ranging from sequences depicting primitive village life to scenes of modern city and industrial activity. Exciting and colorful pagan rites and ceremonies are featured, together with some of the most remarkable

big-game footage ever filmed.

Climaxing the story of the spiritual trust of the Billy Graham Team is a tribute to the missionaries, whose years of faithful labors were in a large measure responsible for the spiritual harvest experienced by the Evangelist. Missionary leaders and ministers joined with State and Civic officials to extend the invitation for Mr. Graham to visit the Continent.

"AFRICA ON THE BRIDGE" was directed by Dick Ross and produced by World Wide Pictures, the organization responsible for such well-known films as "THE HEART IN A REBEL," "SOULS IN CONFLICT," "OILTOWN, USA," "MR. TEXAS," and many others, with newest dramatic color feature scheduled for October release, "SHADOW OF THE BOOMERANG," starring Georgia Lee and Dick Jones.
