**SUMMARY OF REPORT REQUIRED PRIOR TO ANNEXATION OF REALTY TO TOWN OF ZEBULON**

The Board of Commissioners of the Town of Zebulon has, by appropriate resolution, declared its intention to consider annexation of two tracts of land to the municipality. A public hearing will be held, at which property owners and residents of both the Town of Zebulon and the areas proposed to be annexed will be given an opportunity.

At the public hearing at the Zebulon Municipal Building on Friday night, December 1, 1961, a representative of the Town of Zebulon will make an explanation of a report setting forth the means whereby the municipality plans to provide various services to the an-

nexed areas.

A summary of this report follows:

The report was prepared under the direction of the Mayor of Zebulon, and was approved by the Town Planning Board on October 27, 1961. The Board of Commissioners of the Town of Zebulon approved the report on November 6, 1961.

The areas shown as being considered for annexation in maps incorporated into the report are (1) 33.44 acres lying on both sides of the Norfolk Southern Railroad south of Sycamore Street and (2) 4.893 acres on the south side of Highway 264 east of the present boundaries of the Town of Zebulon.

A new 2-inch water line will be built (or contracts therefor let), within 12 months after annexation, on West Barbee Street. It is deemed that present water facilities are adequate except for this extension. No new sewer line is proposed for these areas. If more water or sewer lines are requested by the residents of the area, they will be provided, subject to the availability of funds, on a cost-sharing basis.

Eight new street lights will be installed on streets in the areas proposed to be annexed. Three serve the eastern area, and five will serve the southwestern area.

Within 12 months after annexation contracts will be let for the

paving of Sycamore Street west to the new town boundary; Horton Street west to the new town boundary. Liberty Street between Horton and Sycamore Streets will be opened but not paved, pending construction of a proposed water main not considered a part of plans for this extension of boundaries.

Police, fire, and health protection will be extended to the new areas so that they will be available on exactly the same basis as now available to present residents and property owners of the Town of Zebulon. Garbage will be picked up the same number of times per week as in other portions of the municipality. Other municipal services will also be available to the residents and property owners of the two areas. Financing will be accomplished by outlay of general funds and Powell Bill funds.

The report contains a certificate from Ferd L. Davis, attorney, that both areas proposed to be annexed meet the requirements of N.C.G.S. 160-453.4, particularly subsections (b) and (c), with basis for certificate.

The report is concluded with a copy of the notice of public hearing to be held at 8:00 p.m., December 1, 1961, in the Municipal Building, and an index.

This 20th day of November, 1961.

T. E. Hales, Mayor of Zebulon.

I, THEREFORE, T. E. Hales, Mayor of the town of Zebulon, do hereby proclaim the period of November 17 through November 23 to be Farm-City Week; and I do further call upon all citizens of this community to participate to the limit of their capability in the joint visits, civic and social events attendant to a successful Farm-City Week in Zebulon.
