Williams, who has an advanced case of arthritis, resigned because of his health. He is 46-years-old.

"I enjoyed my work," he said. "But because of health reasons my physician advised me to leave my job. I am to get more sunshine and fresh air, hoping these will improve my condition."

A mild and pleasant mannered man, Williams said he had been to work many mornings when he had to bite his fingers because of pain. However, he kept at his job, and his employers declare he is an excellent bookkeeper.

He said he has not put on or tied his shoes in 15 years.

"Despondent? No. What's the use in becoming despondent and grouching and getting an ugly disposition? I've learned to live with it. I've accepted it," he said.

Williams remembered starting to work. He said he began at a restaurant in Zebulon and worked from seven in the morning to night. "And I got just fifty cents a day."

## Local Matrons Heading Cancer Drive Here During April

Mrs. Haywood Jones and Mrs. Rochelle Long are co-chairmen of the Zebulon cancer drive, it was announced last week. The drive lasts through the month of April.

Mrs. Jones said more than 50 solicitors will be conducting house-to-house campaigns during the month. However, she said if some one who wishes to give is not contacted they may donate to the two chairmen or R. D. Massey at Peoples Bank and Trust Co.

Last year's drive here netted close to \$900. Aaron Lowery headed the 1961 drive.

Some men still believe that cancer is primarily a woman's disease. They are wrong. According to the American Cancer Society, cancer strikes more men than women and that failure to act against the disease results in death.

Mrs. Jones and Mrs. Long said: "To cure more, more funds are needed to give people life-saving facts about cancer and to keep

physicians informed of latest methods of diagnosing and treating cancer. More funds are needed to support scientists in their search for cures and preventives."

Fight cancer with a check-up and a check.
