If Wide-Track is as hot as Pontiac says, why don't they put it in their Tempest?

We can take a hint. When people are as happy with something as Pontiac owners are with Wide-Track, we're willing—nay, eager—to let everybody else in on it. That's why Tempest has a Wide-Track of its own this year. It's why you get to choose between a lively 4 and a 326-cu. in. V-8*, too. We aim to please—and if we do say so, we're pretty accurate. *Optional at extra cost.

Now there are two kinds of Wide-Track cars . . . Pontiac and Tempest
