## Four different ways to make going more fun than getting there

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the *Jet-smooth Chevrolet*, about as luxurious as you can go without going overboard in price; the low-cost *Chevy II*, a good-looking car that would send any family packing; another family favorite, the sporty *Corvaair*, whose rear-engine traction

will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, *Corvette*—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already?

**Keeps Going Great**

The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!
