Surviving are one son, Arthur

F. Mitchell of Newport News, Va.; one sister, Mrs. P. B. Sherouse of Hampton, Va.; two grandchildren; and one great-grandchild.

## MRS. EMMA TESSINEAR

Funeral services for Mrs. Emma Tessinear, 70, of Zebulon, Rt. 4, who died Sunday at Wake Memorial Hospital, were held Tuesday at 3 p.m. at Pearce's Baptist Church.

The Rev. Garland Foushee and the Rev. Oliver Hopkins officiated and burial followed in the church cemetery.

Surviving are two sons, Walter of Wendell, and Arthur of Durham; three daughters, Mrs. Wilbur Liggins and Mrs. J. E. Currin, both of Zebulon, Mrs. L. B. Bunn of Wendell; one brother, Joe Price of Rocky Mount and 25 grandchildren and seven great-grandchildren.

Recently a group of healthy and hearty specimens from Wendell High School answered President Kennedy's plea for physical fitness. These young people walked from Wendell to Raleigh, a distance of 17 miles, in less than five hours. When asked if she would do the same again, Carolyn Painter, an organizer of the hike, answered, "Yes," and then added, "but not right away. Maybe in about two weeks!" Other than Carolyn, the walkers were Patti Fioretti, Carlton Fuller, Todd Roberts, Carol Roberts and Jill Weathers.

## Card of Thanks

I appreciated all the flowers, cards, visits, phone calls, and prayers given me during my hospitalization. Also the visits, food, and phone calls while recuperating at home. These will be gratefully remembered for a long time. May God bless you all.

## JUST LIKE OLD MAN RIVER

If you want a truck that does its work without yelling for attention all the time, buy a "new reliable" Chevrolet.

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for you, not vice versa.

The way to build such a truck is to put more quality into it. For example, Chevrolet doesn't build one type of suspension system for all sizes of trucks. Chevrolet designs suspension systems to

fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

Conventional pickups have double-wall construction in cabs, doors, lower side panels. Roofs are insulated. Body floors are select wood, not metal. Tailgate chains are wrapped in rubber. If you'd like to examine or drive a new '63 Chevrolet truck, just call us. We'll be right over.
