

Emit Girls Win Blue Ribbons

Zelma Batten and Jane Vann won blue ribbons for suits they made when they were exhibited at a dress revue sponsored by the Emit 4-H Club. These girls will represent the club in Johnston County dress revue at a later date. The club met April 16 at the club house with 16 members and three leaders present.

Judy Strickland, president, presided. Joan Faucette and Anthony Creech led the pledges, with Toni Hinton offering the devotional. Miss Strickland gave a

talk on health rules, Kaydene Wilson lectured on good grooming and Miss Hinton had an exhibit on health and good grooming.

The club's meeting time was changed to 8 o'clock. This is effective from April through September.

Green olives will taste better and more natural if you empty the brine and fill the container about 1/4 full with olive oil; shake well and leave stand an hour before using.

May Is Mail Box Improvement Time

Postmaster Ruby M. Dawson announces that May is the time for improvement of all rural mail boxes and urges that patrons of the Zebulon post office begin now to have them in first class condition before they are inspected during the month of May.

All boxes are required to be on the right side of the road in the direction which the rural carrier travels, she said.

The most common things that are irregular are: boxes not properly put up and not the right height; no doors, no signal flag; battered up; box too near the road; not securely fastened to post; dusty; unpainted; and other irregularities.

There are four rural routes covering 280 miles a day and serving approximately 10,000 patrons. In having your mail boxes in good condition it enables you to receive better service for there are 1,684 boxes to be served each day, Miss Dawson said.

"A neat mail box adds much to the appearance of your home, and I hope before the mail routes are inspected in May that every patron of this office will have his mail box in perfect condition," Miss Dawson said. "The response last year was most gratifying and I hope for an even better percentage this year."

Miss Dawson said she plans to exhibit in front of the post office mail boxes that are perfect examples and some that are not. She invites you to come by during May and see which yours looks like.
