"I've made more money than ever, since I switched to GASTOBAC"

"Until a few years ago, I had done all my curing with wood and oil-burning curers. Then I tried Gastobac, and I learned that clean-burning Gastobac Curers, using L.P. Gas, put more dollars into my pockets. I get better quality and more weight from tobacco cured in Gastobac equipped barns."

"As a tobacco grower and as a tobacco warehouse operator where I see tobacco that has been cured by all kinds of curers auctioned off day by day, I have been impressed by one fact: tobacco cured with clean-burning, automatic Gastobac curers always brings the high dollar."

"Let me pass on this hint to all farmers who are looking for the surest method of curing tobacco for high-dollar results: Equip your barns with Gastobac Tobacco Curers and be assured that your tobacco is being cured the best way."
