Saturday Is Last Day To Register For Vote

Registration deadline in order to be able to vote for the school consolidation issue facing patrons of four school districts is Saturday, June 15.

Persons who cast ballots in the issue must be registered and qualified voters in order to vote in this referendum.

The books will close at 7:33 p.m., Mrs. Evelyn Creech, registrar, said.

Mrs. Creech said the voter's name must be on the books by 7:33 p.m. No persons will be registered after the time deadline.

The registrar will be in the lobby of Wakelon High School building on Saturday at 9 a.m., registrants may see her any time during the week at Lowery's Insurance Agency on Vance Street across from the Town Hall.

She may also be seen at her home, she said, but would prefer prospective voters would see her at either the school or her office.

Mrs. Creech said this week she considers the number of people who have registered "rather slow."

She was asked how many prospective registrants there are in the Wakelon School district but she indicated that she had no idea.

Voters must vote in the district in which they reside, regardless of where their children attend school.

The referendum, a bill passed by

the General Assembly, will be held on Saturday, June 29. Voters in each district will decide whether that district wishes to become a part of the proposed new consolidated school.

If a majority of the persons voting in any of the four districts vote in favor of excluding their district from the consolidation, that district will not be included in consolidation.

Three districts must favor consolidation for the new school to be constructed. If less than three of the four districts approve, the Board of Education will not be required to proceed with construction of the new school.

Mrs. Margaret Todd, registrar for the Wendell district, said Wednesday she considers the registration there "heavy." She added that over 500 persons had registered Tuesday night.

The Knightdale registrar, Mrs. L. E. Flowers, reported that registrations there are "doing good. I think we will have a full registration by Saturday."

Mrs. Coley Barham, Rolesville registrar, said registration there is "rather slow. However, I hope for a good registration by Saturday." She said between 150-175 persons had registered.

As best as can be ascertained no Negroes have registered for the referendum.

"Today everyone will not get an award," she said. "However, if you feel within yourself that you have done the best that you can do, do not feel badly about it. But if you are one of those students who can do better, continue to try harder to accomplish this goal."

Mrs. Caesarea Debnam, high school supervisor of Wake County schools, was the platform guest.

Sponsors of the program were C. A. Robinson, Miss L. W. Pinchback, Frank Turner, H. Majette, C. E. Batts, and Mrs. M. G. Ford.
