Perry said investigation is still continuing.

Postoffice Plans For Train Strike

Postmaster Ruby M. Dawson announced yesterday that planes, trucks and buses will be pressed into service to move air and first-class mail to its destination and to move other classes of mail within roughly a 150-mile radius of Zebulon in the event of a nationwide rail strike.

Postmaster Dawson noted, however, that she has received instructions not to accept mailings other than first-class, airmail and air parcel post which are destined for points beyond the second parcel post delivery zone which extends generally about 150 miles from Zebulon, for the duration of the rail strike if it occurs.

"We are prepared to handle any letter or parcel addressed to any point, provided first class or airmail postage is paid on the item," Postmaster Dawson said.

But she cautioned that service will be temporarily suspended on second class magazines and newspapers, third-class matter and fourth-class parcel post packages addressed to points beyond the second parcel post zone extending 150 miles from the point of mailing, as part of the national post office contingency plan for operating under a rail strike emergency.

Postmaster Dawson advised all mailers that any emergency shipments, such as medicine or badly needed spare parts, should be sent first class or airmail during the strike, if it occurs, and if the shipment demands delivery beyond the 150 mile limit. Perishable items such as baby chicks and honeybees should not be mailed for the duration of the strike, if it occurs.

Mailings of items covered by the temporary and limited service suspension if deposited at post offices immediately prior to the strike will be made at the risk of the mailer. The Department cannot guarantee early delivery of perishable items and other than first-class and airmail parcels, letters, and other matter if they are in transit at the time of the strike or within the post office of acceptance at the time the strike commences.

Miss Dawson noted that Charlotte, Wilmington, Elizabeth City, and Richmond are among the cities within the 150-mile zone of Zebulon which will continue to get full mail service from this postoffice, if and when the strike occurs.

She urged the public and large mailers to call the postoffice at 269-9542 for detailed information or to get answers to technical questions involving their particular mailing problems.

Willie B. Hopkins Gets Reappointment by Board

Man Arrested When Disturbs Hospital

Harvey Frederick Poole, 46, of Route 2, Clayton, was arrested Friday night about 10:30 after Wendell-Zebulon Hospital officials notified local police.

Night Policeman Windel Perry placed Poole under arrest and charged him with public drunkenness. Perry said Poole paid a waiver of \$27.50, fine and costs.

Swim Pool

With the opening of school, new hours will be observed at the local swimming pool, manager Roscoe Spellman has announced.

The pool will be open from 4:30 to 7 each evening, he said. On weekends the regular schedule will be observed. Labor Day a regular schedule is set.

Spellman said persons having swimming or wearing apparel at the pool are requested to claim it before the pool closes because of cold weather.

He indicated, too, that some members still have not paid their annual dues which are used for the upkeep and maintenance of the pool. Members who are behind on their dues are urged to clear up this status immediately.

Night Policeman's Salary Raised

Long-time employee Willie B. Hopkins has been reappointed by the mayor and town board to his many positions. The reappointment came at the board's August meeting.

Hopkins, who has been employed by the town for more than a quarter century, was reappointed as town manager, town clerk, tax collector, chief of police, clerk of Recorder's Court, and other duties.

The board voted to raise Night Policeman Windel Perry's salary \$25 a month instead of \$15 as was set up in the budget for the next fiscal year. This will make Perry's salary \$350 a month. Perry has been on the police force for the past three years.

Commissioner Floyd Edwards resigned as local Civil Defense director. Radio announcer James Earl (Bruce) Creekmore was appointed by the board to succeed Edwards. Edwards was made Creekmore's assistant.

Howard Beck and Thurman Hepler were appointed to replace Wilbur Debnam and Foster Finch on the Board of Adjustment. Their terms expire June 30, 1966.
