More house plants die from too much water than lack of water. One good rule to follow, is never water them unless the top soil is actually dry to the touch.

There Have Been Some Changes Made

►Time was when buses stopped everywhere. Some still do as they are dandy for local trips.

But today there's also a faster kind of Trailways service known as thru express. Thru express takes you great distances without change and with less stops enroute. Many 200 mile trips are made non-stop; and very often a bus will travel 500 miles with only 2 or 3 stops.

A Trailways Bus itinerary can be worked out to fit your particular needs, whether your trip is for 10 miles or 1000 miles; and you ride in America's newest bus fleet.
