More Homes Needed For Methodist Visitors Here

LARGE CROWDS ARE EXPECTED ON FRIDAY FOR CELEBRATION

Word Has Been Received from Many Ex-service Men That They Will Be Here

BUSINESS HOUSES ARE ASKED TO DECORATE

Committee in Charge of Arrangements For the Day's Program Hard at Work

Present indications are that one of the largest crowds ever assembled in New Bern will be here on Friday for the purpose of taking part in the Armistice Day celebration, which is being staged under the auspices of the local post of the American Legion, aided by various other community organizations.

Word has been received from many ex-service men that they will be here to take part in the big parade, which will be one of the features of the day's program. In addition, a number of other organizations will be seen in the line of march. Special music will be provided for the occasion.

The committee which was in charge of arrangements for feeding the hundreds of former service men who are expected to be here, reported today that everything was getting along nicely and that there would be plenty to feed all who would be here.

Business houses of the city are expected to decorate their store fronts and it will be appropriate if some owners will do the same thing. It is desired to make the occasion a truly patriotic one from every point of view and for this reason it is hoped that as many flags and banners as possible will be displayed.

Other Towns to Celebrate

Word has been received here that other towns in this section, including Greenville, Kinston, Washington and Wilson are planning to stage big celebrations on Friday. In fact, practically every town in the state will make some fitting observation of the significance of the day.

To Stage Minstrel Show

Harry Poole went to Washington yesterday for the purpose of making preliminary arrangements for a minstrel show to be given by the folks of that city. The first rehearsals took place last night and a large number of members were present.

Rotarians of Greenville Coming 100 P. C.

Club Members of That City Are Eagerly Looking Forward to Meeting Here

The attitude of the Greenville Rotarians toward the Inter-City Conference to be staged here next Friday is illustrated by the following letter which was received here this morning by J. B. Dawson, chairman of the "eat" committee from Sam K. Phillips, of the Greenville Club:

Got your of the 4th about the date. Tonight 29 of our boys signed up to leave here by auto at 7:45 on the 18th for good old New Bern. Unless some unusual slip occurs, the whole 29 will be there, and if I find out in time that the number will be less, I'll let you know. As soon as I collect from them, I'll send a check for the bunch at \$2.50 each. We are counting on big things, and our cry is, "On to New Bern."

Your in Rotary
Sky Pilot Sam K. Phillips.

DEMOCRATS HAD A BIG VICTORY

Yesterday's Elections Showed Distinct Gain for Democratic Party

(By Associated Press)
NEW YORK, Nov. 9.—One state—Kentucky—has passed from republican to democratic control as a result of yesterday's election as shown in returns available here this morning.

In Maryland, where the entire house of the legislature and 13 out of 27 members of the senate were elected, democrats increased their control in both houses. In Kentucky the democrats regained control of the state legislature, lost to the republicans two years ago and claimed 53 out of 100 members of the lower house and 19 out of 26 seats in the senate.

New Jersey republicans claimed to have elected 41 assemblymen out of a total of 60 seats contested and asserted the party line in the senate would stand as it did last year—15 republicans and 9 democrats. The 2079 election districts was: Hyland, 754,874; Henry H. Curran, republican standing for strict enforcement of the prohibition act, while the democrats favored its limitation or repeal.

BIG CATCHES OF FISH MADE OFF THE COAST

WILMINGTON, Nov. 9.—Seven fishing skimmers of the Fisheries Products Co., one of several concerns engaged in the mahadon fish industry arrived in the Cape Fear river and began Thursday of last week fishing for this class of oil and fertilizer fish off the North and South Carolina and Georgia coasts. On Friday night of last week the steamers made their first season haul off the North Carolina coast and secured a total of approximately 20,000 barrels of fish.

The St. Phillips plant of the company, located about 15 miles below Wilmington on the Cape Fear river, began operation the latter part of last week and it was stated at the general offices of the company that the plant would in all probability continue now to run steadily until the latter part of December. It was declared that the general office in the Murchison building today that there was every indication that there would be a splendid run of "fat backs" this season on the adjacent coasts.

Preparation for the operation of the St. Phillips plant was begun two weeks ago and last week a force of carpenters, mechanics and repairmen had the plant in first class condition for the season's run. When the plant gets well under way in a short while approximately 300 men will be employed there and on the seven barges operating on the coast.

HYLAN WINS IN NEW YORK BY A BIG MAJORITY

Received More Than 400,000 Plurality Over the Republican Candidate for Office

ENTIRE CITY SWEEP BY DEMOCRATIC PARTY

Will Have Control of All the Important Offices During the Next Term

(By Associated Press)
NEW YORK, Nov. 9.—Democratic candidates, headed by Mayor John F. Hyland, made a clean sweep of the principal city and county offices at yesterday's municipal election, the mayor receiving the unprecedented plurality of 417,986.

The complete vote in the city's 2079 election districts was: Hyland, 754,874; Henry H. Curran, republican standing for strict enforcement of the prohibition act, while the democrats favored its limitation or repeal.

BREAKS RECORD IN POLITICAL HISTORY

(By Associated Press)
YOUNGSTOWN, O., Nov. 9.—A man who has lived in Youngstown only three months and whose platform provided for discontinuance of street car service, turning the streets over to jitney busses and for jailing any citizen who paid taxes under a recent valuation, yesterday was elected mayor over candidates backed by the major party organizations. He is George L. Oles, who came in from the country, established a residence in a hotel and carried on an eccentric advertising campaign without the support of any particular element.

Other "planks" in Oles' platform included permitting "spooning" in city parks under police protection, dismissing the entire police force if "it doesn't mend its ways" and the promise to turn his entire salary over to charity.

The women's vote is believed to have been responsible for his election.

JOHNSON GETS APPOINTMENT AS RECORDER

Negro Committeeman of Georgia Holds Post in District of Columbia

IS GRANTED THE POST BY THE REPUBLICANS

Efforts Will Be Made by Democrats To Fight Confirmation of the Action

(By Associated Press)
WASHINGTON, Nov. 9.—Report on the nomination of Henry Lincoln Johnson, negro republican national committeeman from Georgia to be recorder of deeds for the District of Columbia was ordered today by the Senate Committee of Columbia, committee. The vote on the report was on party lines, six republicans voting for Johnson and two democrats, Glass and Sheppard, opposing.

Several democrats, including Senator Watson of Georgia, were said to be preparing to fight confirmation in the senate.

A sub-committee, consisting of Senator Jones of Washington and Senator Capper, of Kansas, which heard witnesses at executive hearings, submitted their report to the full committee today. Although details were not disclosed, it was said that evidence regarding charges against Johnson of irregularities in connection with the committee's receipt of funds during the last presidential campaign was declared by the republican members of the committee not to be substantial enough to warrant adverse action on his appointment.

MILK DEALERS REJECT PEACE OFFER OF MEN

No Definite Steps Yet Been Taken to Terminate the New York Strike

NEW YORK, Nov. 9.—For three hours Monday afternoon Health Commissioner Copeland pleaded with officials of the milk companies to recede from their refusal to arbitrate the wage dispute that has placed 11,800 drivers on strike. He appealed in the name of the babies whose well-being demands uninterrupted supply of the fluid.

At the end of the three-hour distributors still refused to meet with the men around the conference table and the session broke up with a warning from Dr. Copeland that he will hold the officials individually responsible if any unsanitary conditions develop. He promised his department will exercise the strictest supervision over the supply stations to make certain milk sold is fresh.

The companies answered all appeals for arbitration by asserting they would not deal with the union, being determined to enforce an open shop. They averred they were "tired of union domineering."

Mayor's Offer Rejected
Earlier in the day the companies, through their milk conference board, formally declined to accept the workers' arbitration offer, issued through Dr. Copeland, whom the men recommended as arbitrator. The drivers offered to return immediately under the old wages if the companies would agree to arbitrate.

The board declared its purpose of engaging a new working force, including such of the strikers as came back as individuals, and outlined its plan for a "hit list" industry court to settle disputes in the future, this board to be composed of representatives of the companies, workers and public.

The owners were considerably threatened by injunction issued yesterday by Vice Chancellor Frost in Newark, effective in Essex, Hudson, Passaic and Union counties, forbidding milk strikers there from interfering "by act, word or conduct" with the distribution of milk by employees of the Gordon Farm Products Company, Keystone Dairy Company and the Sheffield Farms Company, petitioners for the order.
