Executive Session Of Conference Held Here Today

LARGE NUMBER OF DELEGATES ARE HERE FOR CONFERENCE

Scores of Visitors Already Here—More Arriving on Every Train

BISHOP AND ELDERS IN SESSION TODAY

Conference Will Be Formally Opened Tomorrow Morning at Nine O'clock

Scores of delegates are already here and large numbers are arriving on every train to attend the Methodist conference which will be formally opened here tomorrow morning.

Bishop Darlington and the presiding elders arrived in the city today and are holding cabinet meetings this afternoon at the home of W. B. Hines, where the bishop is staying during the conference. The first meeting was held this afternoon at 3 o'clock. Another meeting will be held tonight after supper.

The conference will open its sessions tomorrow morning at 9 o'clock with the sacrament of the Lord's Supper. This will be followed by roll call, after which the delegates will proceed to transact the large volume of business which will come before it.

Reports of the presiding elders of the district will be the feature of the morning's program and it is expected that these will be extremely interesting as they will cover the year's work in the entire district and will tell of the progress that has been made by the various churches.

Centenary Methodist church will establish a precedent tomorrow at one o'clock when it will seat the entire delegation, consisting of about four hundred persons, at dinner in the basement of the church. At all previous conferences it has been found necessary to have part of the delegates eat at one time while the others were forced to wait. Tomorrow, however, all the visitors will be seated at one time.

Following the dinner, the delegates will adjourn to the auditorium where the conference will proceed with its sessions.

A luncheon will then be served, following which preparations will be made for the Royal Arch degree, which will be staged at about 7:45.

At the conclusion of the degree work, a turkey supper will be served. The Chapter is greatly indebted to Garrison, who has agreed to furnish four large turkeys for the banquet.

Harding Sends Message To Methodist Churches

(By Associated Press)

DÉTROIT, Mich., Nov. 15.—If the churches fail in their high and holy tasks, there is small hope for civilization, President Harding told the National Conference of the Methodist Episcopal Church here today, in a message read by Bishop McDowell, of Washington, D. C. The message was read at the opening of the conference regarded by leaders of the denomination as one of the most important in the church's history.

"Whoever halts the churches must march forward more swiftly than they have done," the President's message continued. "The churches must not fail."

The President paid a tribute to the church for its work during the war, adding:

"The world never before was in such need of right morals, right ideals, right relations among men and nations, right spirit for meeting unparalleled conditions and sound religion in personal, social and public life."

The President closed his message by extending his "best wishes" for the work your church and other churches are planning to do in all the countries.

About 25 bishops of the church in the United States and other countries and hundreds of ministers and laymen are in attendance.

PERMIT JAPAN TO CONTINUE SHIP BUILDING

Nation Can Still Build Many Vessels According To the American Proposals

(By Associated Press)

WASHINGTON, Nov. 15.—Japan would face a rather extensive naval building program even during the 10 year holiday period proposed by Secretary Hughes should the American plan be accepted. She has not yet built the proportion of auxiliary craft, such as destroyers, light cruisers and similar vessels she would be allowed to maintain under the replacement provision of the plan it is said. Permission to continue building up to those schedules is included in the proposals.

There is practically no class of ships, except airplane carriers, in which the United States is not now fully provided, and more on the basis of the proposed schedules. It may be said that if the plan is adopted, prompt steps to supply any deficiency in airplane carriers will be carried. No aircraft carriers of the first line are now projected. The Langley, a converted collier, of 19,000 tons, will be commissioned next month, but it is rated as a second-line ship.

Probably something could be worked out in salvaging of other types of new craft if the American proposal is agreed to, so as to furnish the additional tonnage in airplane carriers to which would be entitled.

FAVORABLE ACTION UPON WALSH BILL

WASHINGTON, Nov. 15.—Favorable report on the Walsh bill to create 23 additional federal district judges, was ordered today by the House judiciary committee. Similar legislation is pending before the senate committee, as recommended by Attorney General Daugherty and Chief Justice Taft.

The bill authorizes temporary transfer of judges to other districts to relieve docket congestion and creates, among others, one new district in Eastern Virginia and one in Southern Florida.

C. J. Baseomb, of Vancelboro, was among the out of town visitors in the city today.

BAPTISTS ARE HOLDING THEIR CONFERENCE

Large Number of Delegates Are In Attendance In Rocky Mount

IMPORTANT MATTERS BEING BROUGHT UP

Convention Called To Order This Afternoon by B. W. Spillman, of Kinston

(By Associated Press)

ROCKY MOUNT, Nov. 15.—With representatives from every section of the state present an attendance equal to the best of former years promptly at 2:30 this afternoon, Rev. B. W. Spillman, D. D., of Kinston, announced that the 91st annual session of the North Carolina State Baptist Convention was in order. The usual devotional exercises followed. This gathering of Baptists from the 2,500 churches of the state is the one of the most progressive, as far-reaching of all the annual meetings. The fiscal year, closing November 1 was featured with a business depression unexpected and far-reaching. It was the second year of the Baptist \$75,000,000 campaign and the North Carolina Baptist faced a pledge of \$1,200,000 for missionary and benevolent objects, and every dollar of this money had been appropriated and was needed.

It was the first year of service for Corresponding Secretary of Missions, Charles E. Maddy, and the tax of the year was a stupendous one. Handicapped by an illness during a part of the year, but undaunted, by Maddy went at his task and his annual report, read late today, showed the contributions of the Baptist denominations for the year were close to \$1,000,000, almost within sight of the goal.

Mr. Maddy is looking ahead and he is asking the convention to name and create a "look-out commission," whose duty it shall be to plan for the future of the denomination's work. This suggestion is looked upon as one of the important matters to be decided at this convention.

When a Communist demonstration was made near the American Embassy in Paris, following the explosion of a bomb which wounded Ambassador Myron T. Herrick's valet, the police arrested Germain Lenthau. She was accused of throwing a live grenade which wounded three policemen and injured several other persons. The Lenthau woman is shown here being held by a detective while she was photographed at the Prefecture of Police.

(By Associated Press)

When interviewed this morning relative to the employment of a new street commissioner to succeed Mr. Meredith, A. A. Kafer, chairman of the street committee, stated this morning that while two or three men were under consideration for the position, no definite appointment had as yet been made. He stated, however, that announcement probably would be made in this connection within the next few days.

In the meantime, the work on improving the streets of the city is continuing, Mr. Kafer giving the work his personal attention.

BODY OF SOLDIER HOME FOR BURIAL

FAYETTEVILLE, Nov. 15.—The body of William McLaughlin, mechanic Company A, 13th Infantry, who was killed October 8, 1918 in France, will be returned here for burial tomorrow, according to information received here by friends and relatives recently.

William McLaughlin enlisted in the National Guard in August, 1916, serving on the Mexican border and sent to France in 1917.

It was while marching German prisoners to the rear on the Hindenburg Sector that he was killed.

It was announced this morning that the funeral services will be held at 1 o'clock Wednesday afternoon at the home of the deceased, 1000 Commercial street, in charge of Cumberland Post No. 3, The American Legion.

Robert S. McNeil, commander of the local post of the American Legion issued the following notice to all Legion members and ex-service men in the county:

"All members of Cumberland Post No. 3, The American Legion, and all ex-service men in the community are requested to assemble at Rogers' Undertaking establishment at two-thirty o'clock Wednesday afternoon for the purpose of attending the funeral of our deceased comrade, William McLaughlin."

ALL NATIONS AGREE TO AMERICAN PLAN FOR DISARMAMENT

General Proposals Are Acceptable To Representatives of Various Powers Now Gathered in Washington

DETAILS STILL TO BE WORKED OUT

Endorsement of the Plan Submitted By Secretary Hughes Receives Approval From All of the Diplomats

(By Associated Press)

WASHINGTON, Nov. 15.—In unison, the spokesmen of Great Britain, France, Italy and Japan today accepted the American proposals for limitation of naval armament "in spirit and principle," making only reservations or suggestions as to details.

In order, Admiral Balfour, speaking for Great Britain, Admiral Kato, speaking for Japan, Senator Shanzer, speaking for Italy and M. Briand, speaking for France, rose in their places and praising in highest terms the plan and program suggested by the American government, gave the adherence of their governments to the general tone of the proposals.

Secretary Hughes thanked the representatives of the powers for their cordial expressions and declared the time had come to proceed with details concerning the agreement.

The question could now be studied, Mr. Hughes said, "with the assurance that there will come out of this conference an appropriate agreement to the end that there will be no more offensive naval war."

FORD-NEWBERRY CASE BLOCKED IN SENATE

(By Associated Press)

WASHINGTON, Nov. 15.—A move by the republican leaders to get the Ford-Newberry election before the senate today for immediate consideration was blocked by the democrats after Senator Pomerene declared that he had heard that some republicans planned to "jam thru" a resolution declaring Senator Newberry duly elected.

NEW AIRSHIP GIVEN INITIAL TRIAL TODAY

NEWPORT NEWS, Va., Nov. 15.—The semi-rigid airship, Roma, hopped off at 10:30 this morning at Langley field on her first test flight since being brought to this country. She will be up about three hours, according to plans, and probably will make a flight to Washington tomorrow if everything is found all right.

Mr. Hughes said it was not the desire to continue discussion it would be in order to adjourn, adding that Premier Briand would be expected to present his views fully later on the subject of land armaments.

Premier Briand then suggested that the time for the next plenary session be left to Chairman Hughes, who could determine how far the committee work was advanced. Secretary Hughes replied that he would advise the delegates of the work of the committees and asked that the committees meet today after the session be left to Chairman Hughes, who could determine how far the committee work was advanced.

ONLY HER PAMAMAS LEFT: POLICE SEEK ARBUCKLE

PARIS, Nov. 15.—Police armed with a warrant for his arrest are searching for George Moore, of Fitzburgh, charging that he and J. W. Kelly, of New York, "confiscated" the entire wardrobe, except the pajamas of pretty Miriam Horner, an English chorus girl, after a party in her room.

Kelly told the police that it was only a "joke" and that they would find the girl's clothes in Moore's room at the Ritz. This proved to be correct but Moore had vanished.

OBTAIN FIVE JURORS FOR ARBUCKLE TRIAL

SAN FRANCISCO, Calif., Nov. 15.—Roscoe C. Arbuckle appeared in the role of defendant in manslaughter proceedings arising from the death of Virginia Rappe, like himself a figure in the motion picture world. Arbuckle's audience was one of the smallest that ever watched him, only a few hundred persons crowding into the court room.

However, no throng ever watched the screen antics of the comedian like today's gathering gave attention to the dry procedure of selecting a jury. Arbuckle himself showed he felt the importance of the occasion. His smile was lacking.

Arbuckle's wife was in court but did not sit beside him at the counsel table.

Gravin McNab, chief counsel for Arbuckle, stated that the defense would make no effort to discuss the character of the dead girl. He told the court this formally.

When adjournment came late this afternoon five jurors, one of them a woman, had been accepted tentatively.

NEGRO THIEF NOW IN JAIL

Charged With Having Stolen Two Pair of Shoes From a Local Syrian Merchant

Abraham Kennedy, colored, charged with having broken through a window in Albert Carman's store and stolen two pair of shoes, was tried in mayor's court this morning. He was bound over to the Recorder's court under a bond of \$50, which he was unable to pay. He is now being held in jail, awaiting trial.

Only one other case was tried in court this morning, it being that of Wiley Carman, colored, charged with disorderly conduct. He is said to have become vexed with his wife and to have slapped her rather vigorously across the face. She resented this treatment on his part and had him arrested. He had to pay \$10 and costs for his little plesantry.
