FATE OF ARBUCKLE IS STILL IN HANDS OF JURY

Discussion of Naval Reduction Program Is Halted

NO DECISION IN ARBUCKLE CASE REACHED BY THE JURY

Returned to the Jury Room
This Morning After Spend-
ing Night in the Hotel

REPORTED ELEVEN IN FAVOR OF ACQUITTAL

Arbuckle Also Returns To the
Court Room. Appeared Be-
cause of Carefree and Jolly

(By Associated Press).
SAN FRANCISCO, Dec. 3.—The
jury considering the evidence sub-
mitted in the trial of Roscoe C. Arbuckle
on a charge of manslaughter in con-
nection with the death of Miss Vir-
ginia Rapp, returned to the jury
room from the hotel at 11 o'clock this
morning.

The jury appeared refreshed after
its night's rest, which began at 11
o'clock last night, after it had failed
to agree on a verdict in four hours
of deliberations. Reports that it was
divided 11 to 1 for acquittal per-
sisted today, but there was nothing to
give any great amount of tangibility
to the report. Corridor gossip said
that one woman was holding out for
conviction.

Arbuckle appeared a few minutes
before 10 o'clock. He did not have
the usual look that he carried away
with him last night. He chatted with
newspaper men and others in an ap-
parently carefree manner.

SUMMERELL FORCED TO QUIT THE GAME

CHAPEL HILL, Dec. 3.—The first quarter
ended with neither New Bern
or Fayetteville being able
to score. Shipp made a
run of forty yards. His
play was the feature of
the first period. Summer-
ell was forced to quit
near the end of the first
quarter on account of in-
juries. It is believed his
ankle was broken.

Much Eagerness Shown Over Football Game

New Bern this afternoon is turning its eyes toward
Chapel Hill and is eagerly awaiting word from the football
game being played between its high school team and the
Fayetteville eleven.

No such interest ever before has been manifested in a
game; not even last year when New Bern and Wilmington
fought it out for the eastern championship. The elapse of
a year's time has merely served to increase the interest.

Shortly after three o'clock this afternoon the fans be-
gan congregating at the Sun-Journal office, eagerly awaiting
news of the contest. Telephone messages also were received
from points within a radius of twenty miles or more. Green-
ville, Washington and Kinston requested to be posted as to
the result of the contest.

Information is hard to get out of Chapel Hill and it
may be somewhat delayed in reaching here. If details of
the contest can be obtained before six o'clock, however, the
Sun-Journal will issue an extra edition, giving facts and
statistics regarding the struggle between the two high school
elevens.

BRITISH COAL USED IN CUBA

Coal Companies Are Finding
They Can Get It Cheaper
Than American Coal

(By Associated Press).
WASHINGTON, Dec. 3.—Large
American coal companies doing busi-
ness in Cuba and having offices in
Havana were declared in reports re-
ceived here today in official circles
to be preparing to replace their
stocks with British coal in the is-
lands with British coal. The reports
also say that four cargoes of the British
coal are now en route to Havana,
these official reports say, to clean up
all American coal on the docks and
to fill up with Cardiff coal, which,
the report asserts, can be delivered at
Havana at about \$2 a ton cheaper
than American coal. The report also
says that four cargoes of the British
coal are now en route to San Fran-
cisco for Pacific coast consumption.

American coal companies are un-
derstood to have made an extensive
survey of the British coal fields, and
studying production and transporta-
tion costs in the light of conditions in
this country.

Both the Interstate Commerce
Commission and the Shipping Board
are understood to be considering the
situation in the light of the relations
of rail and water rates to the coast of
distributing American coal.

FORMER WIFE WEEPS AT LANDRU SENTENCE

PARIS, Dec. 3.—Alone in a squalid
room above a harness shop in the
Montmartre district, where her hus-
band had left her while he courted
scores of "flances," the former wife
of Henri Landru, the modern blue-
beard, wept steadily today over the
news he had been condemned to
death. She wept:

"Although he was not true to me
and we are divorced, I still love him.
He could not help it that women loved
him."

Mme. Landru denied herself to all
her friends. She said she was too
grief-stricken to see anyone.

ton was revealed here yesterday in a

Postmistress "Not Guilty"

(By Associated Press).
ORLANDO, Fla., Dec. 3.—Lena M.
Clark, former West Palm Beach
postmistress, remained in the Orange
County jail today, following a verdict
of "not guilty," because of a verdict
of insanity, rendered by the jury
late yesterday. She had been tried
on a charge of murdering Fred A.
Minnore, local restaurateur, in her
room at a hotel here last August. Dr.
H. Patterson, tried jointly with Mrs.
Clark, was acquitted without reser-
vation.

WOMAN TELLS HOW SHE HAD 16 HUSBANDS

Federal Agent Broke up Mrs.
Drexler's Plans for 17th
Matrimonial Trial

MANY ALLOTMENTS WERE
RECEIVED BY WOMAN

Married Men So Rapidly That
She Can't Even Recall
What Names Were

CHICAGO, Dec. 3.—Federal agents
broke up Mrs. Helen Drexler's mat-
rimonial allotment plans just as she
was making plans to marry her 17th
husband in three years, according to
her story today to Captain Thomas I.
Porter, of the secret office. While
listing as the son of each husband,
the little boy born from her second
experience in matrimony, she added
five dollars a month to the flood of
allotment checks she received from
the government. Federal officers said
she had received \$500 a month.

"I was working in Boston when I
met Wilfred Taylor," she related.
The draft got him and soon after
handing in France he was killed."
Mrs. Drexler's mother also was killed
in action. Her child is Wilfred Tay-
lor's son.

"I had to go to work or get mar-
ried, so I got married. Several months
afterwards my husband joined the
navy, so I got two allotment checks.
John Kelly, of the Brooklyn navy
yard was the next. I left him and
married another sailor."

"Dear me, I can't remember all the
names," she said. "Finally, I came to
Chicago and married several others
in quick succession. Albert Drexler
was the sixteenth. I had a sailor
picked for the next but your agents
arrested me."

Cripples in New York Pleading That the Austrian Specialist Dr. Lorenz Cure Them

Hundreds of cripples, men, women and children, have been besieg-
ing the Hospital for Joint Diseases in New York City since Dr. Adolf
Lorenz, the famous Austrian "bloodless" surgeon has been operating
there. Even after it was announced that Dr. Lorenz could not examine
more than fifty cases a day, the cripples, with hope renewed because
of the surgeon's presence in this country, refused to go away. The photo-
graph shows Dr. Herman C. Frauenthal, founder and chief surgeon of
the hospital handing out application cards through a window.

Germans Are Protesting Over Foreign Trading

(By Associated Press).
COBLENZ, Germany, Dec. 3.—
German newspapers for weeks have
been waging a campaign of protest
against what is termed the "selling out
of Germany" to foreigners who have
invaded the country to purchase
goods since the mark began its sharp
decline early in October.

The mark has fallen in value much
faster than the prices advanced and
as a consequence, thousands of spec-
ulators have been attracted to Ger-
many to take advantage of the situa-
tion.

In the occupied area the influx of
foreigners became so great within a
few days that the Allied authorities
soon decided that some concrete ac-
tion was necessary to protect the res-
idents.

The president of the Rhine-land
province, acting under direction of
the Inter-Allied Rhine-land High
Commission, issued a decree prohib-
iting purchase of merchandise by
foreigners not actually residing with-
in the territory of occupation. This
order does not affect members of the
Allied military forces, the Rhine-land
commission nor other foreigners who
were in the occupied area on legiti-
mate business.

Officials deemed that this step to-
ward trade regulation was necessary
to prevent retailers from selling all

CHINESE WIN ANOTHER POINT

WASHINGTON, Dec. 3.—Another
important point in the Far Eastern
discussion of the armament confer-
ence was won today by China in the
committee of the nine powers, Great
Britain, Japan and France agreeing
to retire from much of their leased
territory in China.

Japan's representatives agreed to
give up their leased territory and are
also reported as offering to discuss
retirement from special territorial
privileges in Manchuria.

The offers made by Great Britain,
Japan and France are contingent on
the fulfillment of conditions that
China is expected to meet.

M. Viviani, for France, expressed
willingness to retire from French
leased territory and Great Britain's
representatives were in accord with
the program.

NAVAL RATIO NEGOTIATIONS REPORTED AT A STAND-STILL

Japanese Delegation at Wash-
ington Is Awaiting Further
Advice from Tokio

AMERICAN BASES IN PACIFIC DISCUSSED

Japan Doesn't Look With Ap-
proval of Extension of U.
S. Fortifications

(By Associated Press).
WASHINGTON, Dec. 3.—Negotia-
tions in the naval ratios ques-
tion were "practically at a stand still
while the Japanese delegates await-
ed further word from Tokio. By to-
day the results of yesterday's con-
ference between the principal Amer-
ican, British and Japanese delegates
were under study by the Japanese
cabinet and diplomatic advisers' council.

All indications were that whatever
had been proposed as a means of
bringing the United States and Japan
together did not involve any aban-
donment of the 5-5-3 ratio, proposed
by the United States and supported
by Great Britain, but rather concern
other relations which the Japanese
regard as necessary to them.

Chief among these was understood
to be the question of further fortifi-
cation of the American bases in the
Pacific, which the Japanese wish to
see checked. The relation of fortified
bases is such to fleet ratio that there
was a suggestion the Japanese might
regard the 5-5-3 proposal as not in-
consistent with their standard of
national security of details regard-
ing them could be suggested.

There was a decided impression
among other delegates not represent-
ed at yesterday's conference of the
"Big Three" that a means of ap-
proach to a settlement had been
found outside of any alteration of
the 5-5-3 proposal, which is in ac-
cord with their standard of national secur-
ity if details regarding them could be
arranged.

ident of the association.

AMERICA IS LEADING IN ARCHITECTURE NOW

LIVERPOOL, Dec. 3.—Professor
C. H. Reilly, of the School of Archi-
tecture, Liverpool University, has
just paid a tribute to American ar-
chitecture which he said was pre-
mier and more stable than that of "Eng-
land." "America does not seem to be
swept as our country has been by
fashions set by individual contempo-
rary architects" he said. "American
architecture has been in the last 30
years less self-sufficient and less in-
sular than British."

The American architect deliberate-
ly sought his inspiration in the art
of the Italian, French and Spanish
Renaissance, Professor Reilly said.
