Tar Heels Elevens Battling

SPORTS

Princeton Is Roaring To Tackle Chicago

Defeat always riles the Princeton Tiger. That is why Chicago is certain to see Princeton at its best when these two eleven meet at Chicago Saturday, October 23.

Football enthusiasts the country over await with much interest the clash between these two teams. Both will be at the top of their game. It should prove a real exchange of football meetings between the east and west.

Last year Chicago rather upset the football dope by defeating Princeton 9 to 0. A short forward pass and a field goal by Romney turned the trick. It was the first time the Tigers were ever defeated on their own gridiron by a western eleven.

The meeting at Chicago this year finished a two-year contract between the two universities. It is hinted that Princeton does not care to continue football relations with Chicago. The reason is the Chicago team makes the schedule a bit unwieldy. In other words the competition Chicago is able to offer is greater than Princeton expects or desires.

It is pretty good authority that there will be no new agreement. Since Princeton seems determined to sever relations in football, the Tigers naturally would prefer to do so after a victory. For that reason Princeton is certain to put forth every effort to triumph over Chicago.

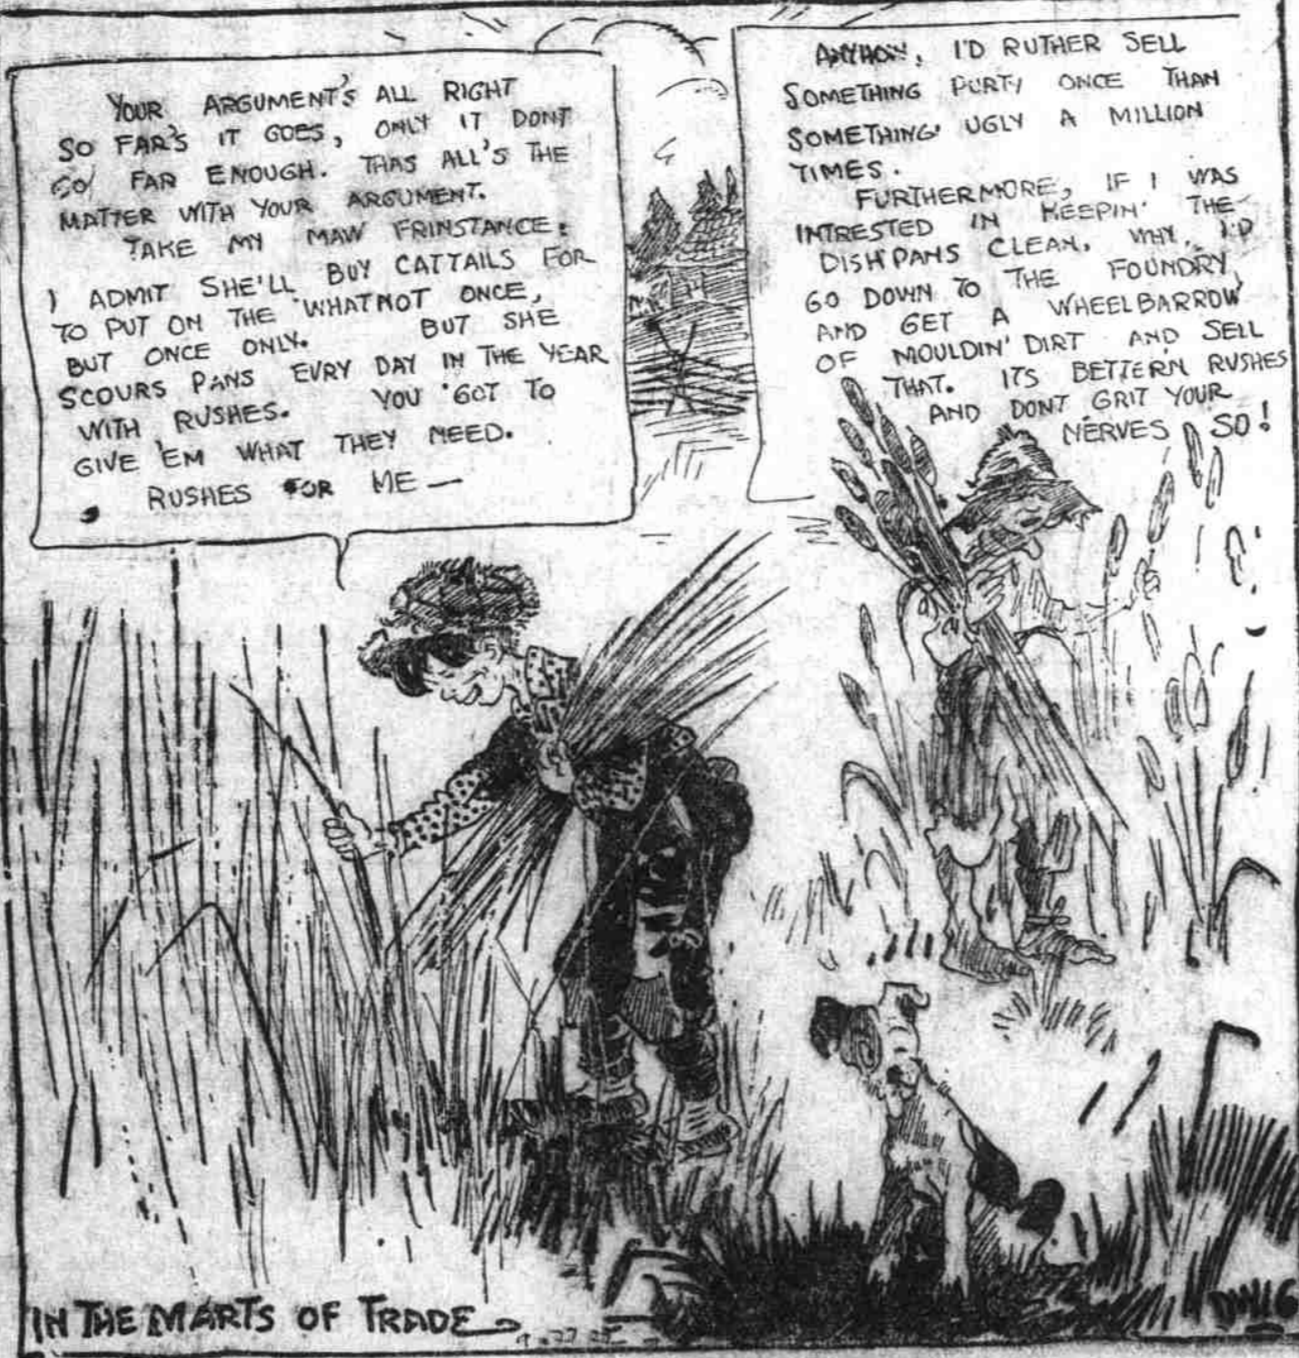

While western critics believe that Chicago has an excellent chance to repeat its victory over Princeton, the 'gers are really confident of reversing the score of 1921. Chicago will have no Romeo this year, but someone says always managers to turn out a star performer in the back field.

True, Princeton didn't look very good against Virginia. A 5 to 0 score was the margin of the Tiger victory. The fact that Princeton wasn't able to cross the southern's goal line doesn't seem to worry Coach Bill Roper. He says his team has great promise and that he doesn't want it to come too fast.

Both elevens will be minus a number of the star performers of last season. Despite this, both Roper and Stagg claim the 1922 elevens are superior to those of 1921. Neither coach is inclined to be boastful, so it seems certain that western football enthusiasts are in for some real football when Princeton meets Chicago.

Roper is specializing in the kicking game. Stagg is also devoting much time to that department of play. It wouldn't be at all surprising if the toe of some athlete played a prominent part in the outcome of the game.

HUCK FINN AND TOM SAWYER By DWIG

Russian Players Are Coming To The U. S.

MOSCOW, Oct. 20.—Five theatrical, musical and artistic attractions from Russia are to appear in the United States during the coming winter and spring under the auspices of the Russian ed. Cross in America. The proceeds of the performances will go toward ussian famine relief. Arrangements to this end have been made with the People's Commissariat of Education, which has charge of theatrical affairs for the Soviet government.

The first attraction booked to tour America is the Andriev National Russian orchestra of 35 pieces, playing the balalaika, the Russian national instrument. The orchestra is now filling an engagement in Petrograd.

In December Baroness Zenia Alexandrovna Engelhardt, an accomplished harpist, accompanied by a Russian soprano and a violinist, is scheduled to arrive in New York in the spring. These plays are all given in ancient Hebrew.

The Russian Red Cross is arranging also to bring Philip Andreyitch Malayavin to the United States with twenty of his canvases and several hundred of his smaller sketches. He will have exhibits in various cities. Malayavin, called by his admirers the greatest of Russia's living painters, is now engaged upon a large canvas of a typical Russian peasant, to be presented to the United States Congress in recognition of gratitude for American relief.

ELON ELEVEN TO PLAY THEIR HOME

First Game of the Season Will Take Place on Own Lot Today

ELON COLLEGE, Oct. 20.—The initial football gridiron contest on the home grounds for Elon will be played here Saturday, Hampden-Sydney College of Virginia is the Christians' opponents for this encounter.

Cory Little is known here of the strength of the Virginia. However, they always bring out a very strong team and the Maroon and Gold followers earlie they have no easy opponent to face. Last year at Hampden-Sydney, where these teams met in conflict the victory went to the boys in Virginia by one touchdown, the score being seven to nothing. However, this was a terrific and hard fought one, and the victory for Hampden-Sydney lacked the favor of a clean cut one. Hampden-Sydney has met the Trinity team and encountered a defeat at the hands of the Methodists, 27 to 9, which is the only basis of their relative strength known here.

On the other hand, Elon played a good game against Wake Forest and won a decisive victory over Lenoir. Capt. Grady Brown and Kirtland, all backfield men, who have been out of the game for the last several days on account of injuries are now in uniform again and expected to be in good shape for the Saturday affair. Rainy weather has interfered with practice during the first part of the week, but in spite of this Coach Corbey says that his charges are in fine shape, and itching to stretch their limbs in a regular contest.

The American Christian Convention which is meeting in Burlington, and which will hold the Saturday afternoon session at the college here will adjourn and attend the football game at that time in a body.

GIRL DIVER NOW SEEKS TREASURE

Profession Held Mainly by Men Now Been Invaded by The Females

(By Associated Press.) LONDON, Oct. 20.—The profession of deep sea diving, which anyone would classify as a calling particularly fitted for men, has been successfully invaded by a woman, Margaret Naylor, an English girl, is acclaimed as one of the most efficient and daring wearers of the helmet in British waters.

She has gained a wide reputation during the last two years, and more recently for her efforts in the recovery of treasure from the sunken Spanish galleon lying in ten fathoms of water near the shore of Mull, an island of Scotland. There, in the cozy little harbor of Tobermory, and less than a hundred yards from the beach, lies one of the great treasure ships of the Spanish Armada. The boat was one of the many vessels launched by the ambitious Phillip, in 1588, for his attempted conquest of England.

So certain was this monarch that he would add the British Isles to his already large domains, that he actually sent in his "jewelled" regalia in advance. It is believed today that the richly jewelled crown is lying somewhere in the sixty feet of water along the wreckage of the *Admirante de Flores*, which Miss Naylor has succeeded in negotiating.

Although the task presents many problems which would cause anxiety to divers of the "stronger" sex, Miss Naylor shows no fear. She had had one or two narrow escapes from death in the course of her experience, without being in any way deterred from tackling the risky business again.

Miss Naylor recently made a trip to the southern coast of England and obtained some excellent specimens of undersea plant life. She nearly lost her life when her feet became entangled in a ladder, which she was using, and only her presence of mind enabled her to free herself and be hauled safely to the top.

Although the task presents many problems which would cause anxiety to divers of the "stronger" sex, Miss Naylor shows no fear. She had had one or two narrow escapes from death in the course of her experience, without being in any way deterred from tackling the risky business again.

Remember that these suggestions imply a possible saving of millions of tons of coal this winter.

ABERNETHY GOES TO WAYNE AGAIN

Double-Democratic Nominee For Congress In Third Heard There Today

GOLDSBORO, Oct. 20.—Charles L. Abernethy, of New Bern, double-democratic nominee for Congress arrived in the city today and went with the county candidate to Grantham's Store on the first lap of the campaign. A barbecue, a speech by Mr. Abernethy and by the county candidates came off at 11 o'clock. It was not expected that the Congressional nominee would arrive until tomorrow, but a wire to Col. George K. Freeman last night stated that he would be on hand today, Saturday at 9 o'clock they will speak at Pikeville. Mr. Abernethy opened the Wayne county campaign here recently with a speech that caught the ears of some who have been listening to political speeches for a long time. Candidates on the local ticket are of the opinion that he will give them some more along this same line with elaborations to suit the occasion. They went down to Grantham's Store to lay the issue of the democratic party intelligently before the voters, but they ate barbecue too. The occasion was one of thanksgiving and feasting, as well as work and lambasting the national republican administration for its "Do-nothing Policy." Every day the local candidates are adding a few more votes to their majority for good measure. It seems to have sifted down to a process of figuring just how large the majority will be.

On Saturday the congressional nominee, together with Colonel Freeman, H. B. Parker, Judge Bland, J. E. Hooks, W. D. Grant, C. F. Dees, G. E. Grantham, and other county candidates will journey to Pikeville. By that time the state fair will be nearly over. It will be the last of the week and there won't be so many picking cotton as there were yesterday when the candidates went to Ebenezer. Col. Freeman, Clerk Hooks, and other prominent members of the party have been so busy in court this week and last week they have had little time to attend to the campaign. Nevertheless, some of them went to Ebenezer, and expect to be at Grantham tomorrow and Pikeville Saturday. Col. Freeman said he might not be able to go tomorrow, but that he would surely go Saturday.

ALLEGED AIDES OF STATESVILLE MAN INNOCENT

True Bill Against Former Banker But Others Exonerated by Jury

STATESVILLE, Oct. 20.—In a story sent out from this city Wednesday regarding three true bills of indictment having been returned against John W. Guy, Sr., former cashier of the First National Bank of Statesville, it was erroneously stated that one of the bills returned charged Guy and E. O. Herritage with violation of the banking laws. A true bill was found against Guy and not a true bill as to Mr. Herritage. A second bill of indictment charged Guy and McLain with violation of the banking law. A true bill was found as to Guy and not a true bill as to McLain. In a third bill against Guy alone for violation of the banking laws—embezzlement, a true bill was found. Guy is charged with embezzling \$84,820.82 from the First National Bank from Nov. 1, 1919, to July 8, 1922. He is at liberty under \$20,000 bond.

MARINES ON DUTY AT VLADIVOSTOK

VLADIVOSTOK, Oct. 20.—American and British marines landed here today to guard the consulates of the two nations.

Runs in stockings are to blame for long skirts.

Country cousins will soon get even for city cousins' vacations.

STOP THE LEAKS, SAVE COAL AND BE WARM AND COMFY

To save money and coal, inspect your house, says the commerce department's housing division, and do these things:

Stop all unregulated drafts thru the house.

Use storm doors and screens on double windows in cold climates if practicable, at least on the side of the house facing the prevailing cold wind.

Plug cracks around or in all windows and doors. Use felt, if necessary, under outside doors. Reset the door hinges if necessary.

See that there are no cracks in the window casings or between walls and casings, or between the sash. Tighten sash locks. Use putty and weather stripping where necessary.

Inspect windows and walls of attic. Dead air in an attic keeps the lower floor warmer. Plug up any openings from attic between walls.

In basement, plug any openings from outside of between walls. Cover furnace and steam and hot water heating pipes, if practicable.

Close openings between walls and use newspapers under the carpets if there are drafts under the floor.

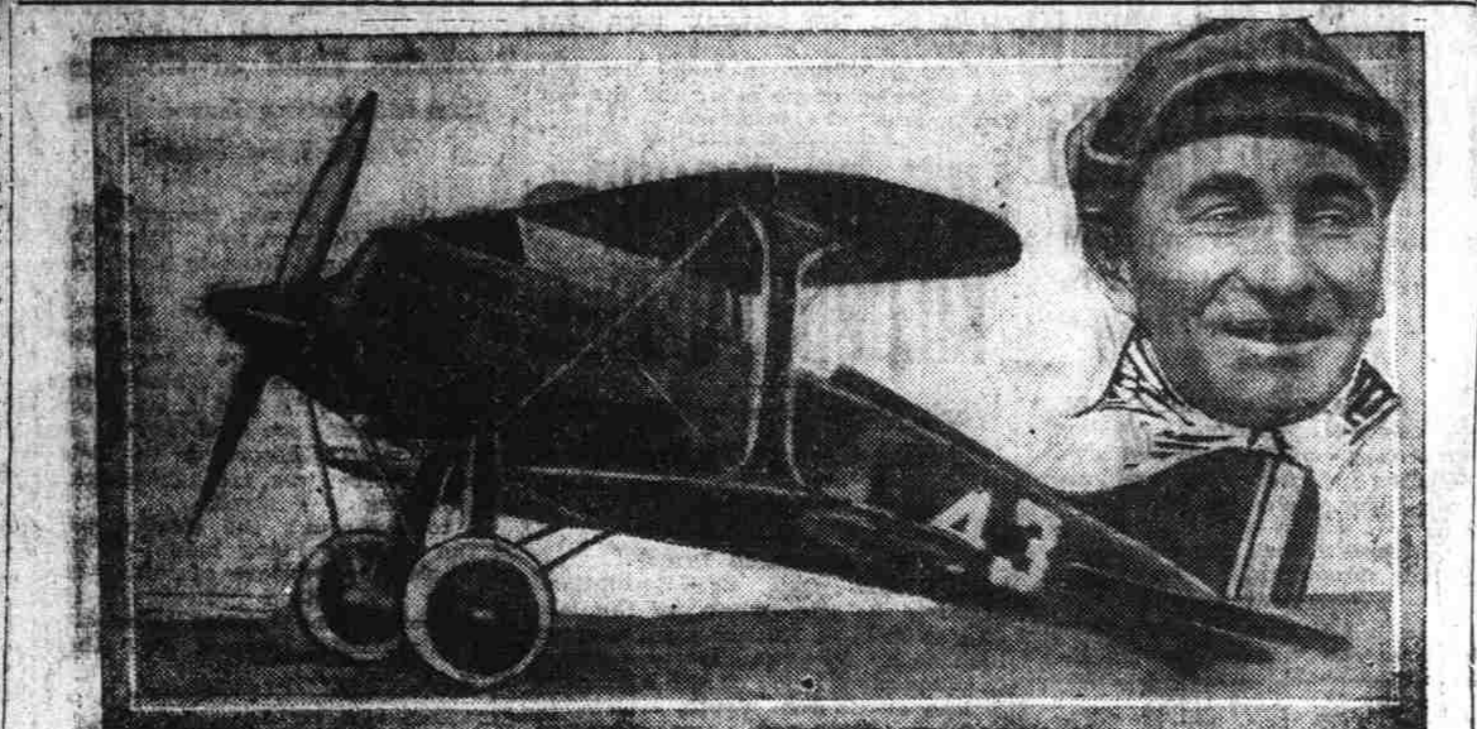

Study manufacturer's directions as to care of furnace. Replace cracked or broken grates. Examine dampers of fireplaces. When fire places and stoves are not in use dampers should be closed. Clean chimneys and stove pipes periodically or whenever necessary.

Lock windows when closed. Draw shades, if practicable. Turn off heat in rooms with windows left open and in unused rooms. Remember that good ventilation is possible without large openings.

Remember that thermometers are better gauges of heat than are the various members of a family, each with his own idea of what sixty-eight to seventy degrees is a normal, healthful temperature.

What makes a gash wider than a long skirt?

HE CARRIED RABBIT'S FOOT AND FLEW 206 MILES AN HOUR, BREAKING THE WORLD'S RECORD FOR 156 MILES.

Lieut. R. L. Maughan and the Curtiss high speed pursuit plane, equipped with 375 h. p. Curtiss C. D. motor, in which Lieut. Maughan won the annual race for the Pulitzer Trophy, at Detroit. He traveled at the rate of 206 miles an hour for 156 miles, setting a new record. He was unconscious at times because of the dizzying speed during the flight.

PHONOGRAPHS ARE BEING GIVEN AWAY

The C. D. Tomas Music Company, the home of better music, have a most interesting advertisement in the Sun-Journal this afternoon in which they make a most unusual offer to the readers of this paper.

To each and every customer who purchases \$10 worth of records they will give, absolutely free, a high class photograph. This machine is one that everybody will be proud to own. It plays any ten inch record and is worth a place in any home. The supply is limited and they will be presented to those who first call.

Quarreled Since Wedding Day

"My stomach and liver trouble made a regular grouch of me. I was sore at everyone, including my wife, and we quarreled every day since the wedding. She is a dear little girl and I know it was my fault. Mayr's Wonderful Kemezy was recommended for my stomach trouble, and since taking it I have felt like a new man. My wife and I now get along beautifully." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.
