## CLEMENCEAU LANDS AT NEW YORK

### CLEMENCEAU IS HERE AGAIN TO PAU. S. VISIT

Old Tiger Landed This Morning in New York From the French Steamer, Paris

LOUDLY CHEERED AS HE DRIVES UP BROADWAY

Official Reception is Accorded Distinguished Visitor at the City Hall Later

(By Associated Press)  
NEW YORK, Nov. 18.—Georges Clemenceau today again set foot on American soil.

The war premier of France, who left this country more than half a century ago as a young medical student returned in 1922, old man with many years of stormy statesmanship behind him, to win for his countrymen the sympathy of America.

The Tiger came as a private citizen, but to no potential could have been extended a more stately welcome than was accorded him when he was taken from the steamship Paris in the harbor and landed at the Battery Battery Wall.

The Tiger found thousands of persons waiting for him on the tip of Manhattan Island. There were others when he stepped ashore and when he was taken to the police department's band, M. Clemenceau and the committee which had gone down the way to welcome him, started up Broadway for his official reception at City Hall.

The aged statesman was carrying a red rose in one hand when he made his trip up the Great Canon. He in one building leaned from windows and threw kisses to him. The Tiger replied by waving the rose in a courtly manner.

### TO ASK FOR A NEW JUDICIAL DISTRICT

GOLDSBORO, Nov. 18.—A committee of the Johnson county bar met with a committee of the Goldsboro bar here yesterday for the purpose of taking steps for forming of a new judicial district of Johnson and Wayne counties, which would eliminate the counties of Harnett, Lee and Chatham, which are at present in this judicial district. The local bar adopted a resolution at the regular meeting yesterday to recommend to the legislature the forming of a new judicial district.

The calendar in the Wayne county civil court is two years behind, while the calendar in the Johnson county court is three years behind. Dugh Dorch said yesterday that although he had been practicing law here two years the docket was so far behind that he had never tried a case in the civil or mat Superior court.

Those from Johnson county here yesterday were Judge Brooks, of the recorder's court, Robert Wellons, J. A. Wellons, and Mr. Johnson.

### LAYMEN'S FEDERATION

Laymen with cars had those who have no cars will please meet in front of the First Baptist church at 2 p. m. to be ready to go to the following places.

Galilee Church, in Truitt section.

Granham's Chapel on Riverdale road.

First Sunday School.

One other church in Truitt section.

A great many cars are needed as on last Sunday some were left in town that would have liked to have attended one of the services. The cars that did go out were over-loaded.

### OVERHEARD

(Expressions heard locally from various persons on various topics.)

We expect to ship several carloads of holly from Craven county to North Carolina during the next few weeks. There is a big demand for holly this season and there seems to be somewhat of a scarcity of supply.—J. G. Lawton.

One of our greatest needs is to get rid of some of the breeding places for mosquitoes around New Bern, particularly the two large marshes on the outskirts of the town. I don't know of any better purpose for which our money could be expended.—C. J. McCarthy.

People from the North are invading Florida unusually early this season. I've just come from there and hotel people say that the number of winter tourists this year promise to break all records. All of the hotels in Jacksonville are crowded to capacity limit.—Gary C. Pridden.

The way New Bern has been responding to various "drives" during the past few weeks is further proof of the fact that we have as liberal a people as can be found in any town in the country.—Dr. W. L. Hand.

There is apparently another upward trend in the prices of men's wearing apparel. Indications are that clothing and furnishings will be higher next spring than they were during the past season.—J. G. Dunn.

Practically ninety per cent of the independent cotton in Craven county—that which has not been put with the Co-ops—has already been sold. There is very little cotton left out in the country.—John Haywood Jones.

### MOTT IS ABOUT READY TO DROP OUT OF MURDER CASE

NEW BRUNSWICK, N. J., Nov. 18.—Without minimizing the quality of evidence he expects to present to the Somerset county grand jury next week in the Hall-Mills murder case, Deputy Attorney General Mott has issued a statement to the effect that his duty will be ended when he lays all available evidence before the grand jury. He said he resented statements that he was attempting to force an indictment in the case. Mr. Mott had been quoted several times as saying he would obtain the indictment of a woman and two men.

No decision has been announced on the request of Mrs. Frances Stevens Hall, widow of the slain rector, that she be allowed to appear before the grand jury.

## Gives Good Advice On The Raising of Cotton

GOLDSBORO, Nov. 18.—"Calcium arsenate mixed with molasses and applied to cotton will kill boll weevils—but get out of debt and stay out of debt!" was the statement of David R. Coker, of Hartsville, S. C., in an address to 300 Wayne county farmers and business men yesterday at noon at the fair grounds. The plant and seed expert who employs a corps of entomologists in experimenting with the growing of cotton under boll weevil conditions for the past two years said:

"Don't think you can grow cotton under boll weevil conditions as you have been growing it. You haven't any business planting any more cotton than the labor on your farm can take care of, and pick when it matures. As a matter of fact you never have had any business growing any more cotton than that. And don't make heavy obligations," he went on.

"Farmers down in my country thought they were rolling in wealth three years ago, the boll weevil came along, and most of those who didn't follow instructions are just about on the counts."

"Of course I don't expect you to be hit as we were. Down at my home we were confronted by warm winters and wet summers, which is the worst possible condition under which to combat the boll weevil. One winter it was cold and the next summer it was dry. That year those who didn't follow the instructions of the agriculture department and the entomologist in fighting the boll weevil were just about as successful as those who laid, and so they had the horse laugh

### MOHAMMED HAS VOIDED RIGHT TO THE THRONE

Officials Claim That His Flight To Christian Territory Is Same as Abdication

NATIONALISTS DISLIKE BRITISH INTERFERENCE

Kemalist Governor Issues A Statement Relative To Attitude Taken by British

(By Associated Press)  
CONSTANTINOPLE, Nov. 18.—The Sultan's wives and ladies of the harem are overwhelmed with grief and dismay over the flight of the Sultan. They did not know he was going.

The Sultan's youngest wife, whom he married only nine weeks ago and who is the 22-year-old daughter of his gardener, became hysterical when the facts of the Sultan's flight were confirmed. Other attaches and the ladies of the palace, numbering 300, wept bitterly.

Constantinople, Nov. 18.—The Turkish Nationalists consider that Sultan Mohammed VI, by his flight has surrendered the Caliphate, according to Rafet Pasha, Kemalist governor of Constantinople.

"According to the Moslem law," he told the Associated Press, "the Sultan leaves Turkish soil and enters Christian territory, he places himself under Christian protection and thereby loses the Caliphate, ceasing to retain any authority over the Moslems."

Mohammed's departure on the British dreadnaught Malaya, in the face of threatened trial for treason by the Ankara government, was compared by Rafet Pasha to the flight of Damad Ferid Pasha and the other "members of the opposition, who by their acts were compromised in the eyes of the whole Turkish nation."

"Great Britain's connivance in the escape," he added, "is flagrant interference in Turkey's internal affairs."

Rafet was much agitated. He spent several hours after the escape frantically telephoning Ankara for instructions and taking precautions against the flight of the members of the Sultan's cabinet and other high officials, it was stated.

### CONFERENCE TO END ON MONDAY

Reading of Appointments of Methodist Conference Will Take Place Monday

(By Associated Press)  
RALEIGH, N. C., Nov. 18.—Announcement that the annual conference of the Methodist Episcopal Church, South, of North Carolina, which is in session here, will come to an end Monday at noon, when appointments for the new year will take place, was made today.

Two gifts of Trinity alumni were made public today, each consisting of \$10,000. The conference board of education increased its annual allotment in the college from five to ten thousand dollars, which will equal the amounts allowed the institution by the western conference. The gifts of the alumni and the board's action followed the Trinity banquet, held here last night.

Submission of further reports and routine business occupied today's sessions. Bishop Collins Denny, presiding officer of the conference, will deliver a sermon tomorrow at 11 o'clock. He will be followed in the evening by Bishop James Cannon, who will speak on the Near East. The late Bishop J. H. Kilgore will be among the deceased ministers and officials of the church who will be honored at memorial services to be held in the afternoon.

### M'SWINNEYS THRIVE ON HUNGER STRIKES

She arrived at Mt. Joy prison, where Mary is incarcerated, at 9:30 last night, accompanied by her intention of staying at the 12 other women. She announced prison gates and taking no food until her sister was given spiritual consolation or release.

### HEAVY SALES MADE ON WILSON MARKET

(By Associated Press)  
WILSON, N. C., Nov. 18.—The total sales for the season of the Wilson tobacco market have reached 34,968,322 pounds, representing total receipts of \$10,407,966.57, according to H. B. Johnson, secretary of the Wilson Tobacco Board of Trade. The average per hundred pounds was \$30.02.

### WOMAN FOR PLACE ON WINSTON SCHOOL BOARD

Winston-Salem, Nov. 18.—The city school commission has decided to ask the Woman's Club of Winston-Salem to submit to the board of aldermen a list of names of women whom that body might designate as being available for the vacancy created on the commission by the retirement of Thomas A. Maslin, who will soon move just outside the city boundary. It is the sense of the school commission that the membership should include a woman and the Woman's club, being a representative organization of over 500 members, would be in excellent position to make a recommendation. The member to be chosen will have to be elected by the board of aldermen.

So many ministers are being shot there should be a law against it.
